Academic Summer in London

Join us at DLD College and enjoy an inspiring and challenging academic experience overlooking Westminster and the River Thames in the heart of London.

DLD College has modern classrooms, a theatre, a dining room, coffee shop and boarding accommodation – all under one roof. All bedrooms are single and ensuite.

Adventurers – age 7 to 12 (day only)

A welcoming environment full of learning and fun awaits our adventurers in London from 8.30 to 18.30 Monday to Friday. After a morning of learning your child can enjoy an exciting trip or activity.

Explore GCSE – age 12 to 14

We give you a taste of what lies ahead in years 9 and 10 in the UK system. You will study: English, mathematics, sciences, social studies and art

Engage with IB / A Levels – age 15 to 17

This programme offers four study blocks each week and is aimed at years 11 and 12 in the UK system.

We offer the following subjects in London for you to choose from:

- Art
- Biology
- Chemistry
- Drama & music
- Economics, business & entrepreneurship

- English
- Environmental systems & societies
- Essay writing
- History & politics
- Literature

- Mathematics
- Media studies
- Physics
- Presentations & interviews
- Psychology
- Theory of Knowledge (ToK)

Get Ready for Medicine – age 15+

An intensive two-week course, tailor-made for students who want to study medicine. Our interactive and innovative programme is led by UK medical students. The course includes:

- A First Aid course leading to a qualification
- Visits to medical institutions such as hospitals, GPs and medical research facilities
- Teamwork, leadership, communication and problem solving workshops
- Medical ethics and clinical scenarios
- Clinical workshop with a doctor
- Biology and Chemistry practicals including a heart dissection
- Personal statement and interview practice / UKCAT and BMAT practice

Get Ready for IELTS – age 15+

Our intensive IELTS preparation is suitable for students who would like to prepare for the exam. The one-week course covers all four aspects of the exam: speaking, reading, writing and listening. You will take IELTS at the end of your week. 25% of our students got IELTS 8 and 8.5.

Adventurers – age 7 to 12

Our young adventurers study: English, mathematics, sciences, social studies and arts. Lessons, trips and activities all fit around a weekly theme bringing everything to life.

Anita, 15, Czech republic

"When I came here I was a bit scared because as I knew no-one here, but I met a lot of great friends. I thought learning will be tough... but it was really interesting! Every subject was really amazing, especially biology. I have never done eye dissection before. I studied also psychology, English and presentation and history."

Academic Summer in Bristol

Bristol combines a rich maritime heritage with spectacular coast and countryside. Sidcot School is our country location surrounded by the Mendip Hills only 45 minutes from the centre of Bristol and two hours from London.

Sidcot School is a traditional boarding school on a beautiful campus. The school's facilities include an art centre, swimming pool, sports hall, tennis courts, sports fields, a dining hall and a coffee shop.

Adventurers – age 7 to 12 (study with UK students)

Our young adventurers study English, mathematics, sciences, social studies and arts. Lessons, trips and activities all fit around a weekly theme bringing everything to life.

Shipmates is a holiday club based at Sidcot School for local children. We do many activities together and this gives a unique experience to our young learners to communicate and socialise with native speakers.

Explore GCSE – age 12 to 14

Get Ready for Computer Science – age 15+

A **STEM** focused course bringing together computer science and related subjects such as mathematics, physics and art. Explore your technology interests in this two week camp. This innovative course combines theory, experimentation and the technical with hands on project based learning. You will learn about multimedia production, programming, embedded systems, robotics and web-design. You will develop your technical skills, as well as your teamwork, communication and confidence with technology.

Academic Camp Revision

Academic Camp Revision and Sidcot School have teamed together to offer you something different in the spring to help you get ready for your exams.

Our methodology is centred around **CLIL – Content and Language Integrated learning** which gives a holistic approach.

We will help you to:

- enhance your **content** knowledge and revise key topic areas in your subjects
- understand **culture** and your role as a global citizen, your beliefs and values so you can develop a reflective knowledge base in your subject
- develop your **higher order thinking skills** (critical, logical, reflective, metacognitive and creative thinking) to set you apart
- work on your **language skills** to achieve the highest results. You need to be able to understand what the question is asking and have good writing skills to communicate the best answer
- improve your **learning skills and exam techniques** so you study more effectively
- to look after yourself and your mental health during stressful times

Evenings and weekends

You can use the library and computers for self-study or you can choose to have some free time, go for a swim or use the sports hall.

If you are with us for two weeks you can join our Saturday trip and on Sunday there are optional activities on campus at Sidcot School.

Timetable

08.45	Subject workshops
10.15	Break
10.45	Subject workshops
12.15	Lunch
13.15	Subject workshops
14.45	Break
15.15	Subject surgeries and lectures
18.00	Dinner

Subject workshops and surgeries

You will plan your own timetable and choose the subject workshops and surgeries you want to participate in depending on your individual needs.

- The workshops cover key subject content that is relevant across the exam boards
- In the surgeries you focus on your individual problem areas

We offer workshops and surgeries in the following levels and subjects:

- GCSE (age 13 to 15 / years 10 and 11)
- A Level / IB (age 16 to 18 / years 12 and 13)

Art

Economics

Biology

English

Chemistry

Mathematics

Physics

Psychology

Theory of Knowledge (ToK)

Lectures

You can choose to have supervised independent study or take part in one of our lectures. These include:

- Study skills and revision techniques
- Extended essay writing skills
- Managing your time and developing your personal study plan
- Looking after your mental health and managing exam stress

- Careers and UCAS support
- Writing your personal statement
- How to give a good interview
