- 137 Access to Higher Education in Business
- 138 Access to Higher Education in Health Studies
- 139 Access to Higher Education in Social Sciences
- 140 Access to Higher Education in Science **COMING SOON**

# WELCOME TO LOUGHBOROUGH

...where student experience  
is at the centre of your  
studies

**Established in 1909,  
Loughborough College is  
steeped in history and renowned  
for providing excellent levels of  
high-quality education. With fantastic  
links to industry and smaller class sizes, we're  
proud to be doing things differently.**

You can expect the same quality as a university course but with access to more one-on-one time with tutors. Our courses have been developed in consultation with industry professionals and are designed to ensure that you are expertly trained and ready for the workplace.

Loughborough is a buzzing university town with plenty on offer for students. As part of Loughborough Students' Union - ranked No.1 for student experience - you can take advantage of over 100 different societies. You'll also have access to excellent sports facilities, modern accommodation, and the many shops, restaurants, bars and clubs based just off campus.

Choosing to study at degree level will be your first of many important decisions - but we'll make sure that it's the best decision you make.

# WHY LOUGHBOROUGH COLLEGE?

We partner with some of the UK's leading universities, businesses and industry experts

## **LOUGHBOROUGH STUDENTS' UNION**

Voted No.1 for student experience, LSU offers hundreds of opportunities for you to get involved and get active.

## **SMALLER CLASS SIZES**

Our lecturers offer greater individual attention, helping you to achieve outstanding results.

## **TOP ACADEMICS**

Make the most of more one-on-one time with lecturers and academic tutors.

## **LIVE IN HALLS**

Stay in our high-standard halls of residence, only minutes away from the college campus.

# 93%

of students who start with us stay with us and complete their course

# 98%

of our students are either in employment or further study within 6 months of graduating

# 91%

of our students believe that their course prepared them for employment in their chosen field

# WE ARE PROUD TO HAVE BEEN AWARDED SILVER IN THE 2017 TEACHING EXCELLENCE FRAMEWORK

In June 2017 the Teaching Excellence Framework awarded the College a Silver award for consistently exceeding **“rigorous national quality requirements for UK higher education.”**

The TEF is a Government initiative to recognise excellence in learning and teaching. The framework assesses higher education providers on a range of measures including facilities, student satisfaction, drop-out rates and whether students go on to employment or further study after graduating, with the aim of helping students make informed choices about degree courses.

**The review recognised that**

**“students from all backgrounds”** at Loughborough College **“achieve excellent outcomes with regards to progression and employment or further study.”**

It also noted that the College’s culture **“facilitates, recognises and rewards excellent teaching”** and drew attention to its **“effective academic tutoring systems that provides high levels of engagement and commitment to learning and study from students”** as well as to **“high quality physical and digital resources which are used by students to enhance learning.”**

TEF highlighted Loughborough College activity which focuses **“on the development of vocational skills and academic achievement”** and how the College works **“closely with industrial partners in course development and review and embedding of employability skills in the curriculum.”**

For more information on the TEF visit [www.officeforstudents.org.uk](http://www.officeforstudents.org.uk)

# GET NOTICED

**In such a highly competitive job market, gaining employment is becoming increasingly difficult.**

**A degree level qualification is still crucial, but it is not enough on its own. That's where we come in...**

**In addition to your qualification, we'll provide you with the skills you need to stand out, giving you the competitive edge over other candidates.**

## REAL WORK EXPERIENCE

Many of our courses include a work experience component, providing you with valuable hands-on experience which will look great on your CV.

## GET INVOLVED

We have a range of enrichment and extracurricular opportunities available at the college, and as part of Loughborough Students' Union. Participating is a fantastic way to develop transferable skills and to demonstrate your dedication and passion for a cause outside of your studies.

## CAREERS ADVICE

We'll work with you to help you to define your strengths, explore career options, and check out professional entry requirements, making sure that you feel confident in moving forward. Our careers advisors offer tailored advice to help you to plan your career and prepare for your next steps, including entering into a graduate job or taking a gap year. If you'd like to further your studies, they can help with your UCAS application and personal statement.

## YOUNG ENTERPRISE

Our degree students have been given the chance to take part in the national Young Enterprise competition, with students designing and creating a business plan for a product, and pitching it in a Dragons Den-style presentation.

Loughborough College students Harry Rudkin and Jonah Boyce, both studying BSc (Hons) Sports Science with Management, won the prestigious UK Start-Up Company of the Year 2017 award for their tool for attaching and removing sport boot studs, called The Stud Master. The duo were also UK representatives in the European finals.

The opportunity for our students to get involved in competitions such as Young Enterprise is something which we are really proud of at Loughborough College, providing valuable experiences and laying the foundations for a successful future career.

Our undergraduate employability advisor is on hand to provide expert advice and guidance, developing your confidence and enhancing your employability skills.

Whether you're after general or more personalised support, they can assist you with writing CVs and cover letters, searching for work opportunities, perfecting application forms, and preparing for interviews and assessment centres.

# THE FULL STUDENT EXPERIENCE

Loughborough Students' Union (LSU) is the driving force behind the UK's best student experience. Celebrated as one of the largest unions in the country, LSU has been voted world No.1 for experience on several occasions.

LSU gives all students the opportunity to get stuck in, with over 100 different clubs and societies. Getting involved can be a lot of fun, and is a great way to enhance your overall college experience.

**Owned and managed by its members, our Union has been developed by students, for students. Whenever decisions are being made that affect you, especially about your education, the Union is always on your side, influencing the right people in the right way.**

Make sure to attend the Freshers' Fair to find out more about the clubs and activities on offer, or visit us at [www.lsu.co.uk](http://www.lsu.co.uk)

## STEP UP

Becoming a student rep, student committee member, student governor or student advisor is a great way to make a real difference to your learning environment.

Each role gets your voice heard, develops your skills, looks great on your CV and, ultimately, improves your employability.

## SOCIETIES

Whether your interests include culture, art, music, faith, film or gaming, LSU has a society for you. Societies provide a great opportunity for engaging and challenging experiences outside the classroom.

If there's something that you're passionate about and we don't have it, set up a society and be the chair of your own club.

## LSU MEDIA

Our multi-million pound media centre offers you the chance to get hands-on with student media and journalism.

You'll have the opportunity to build a portfolio and gain experience working for our award-winning TV station, 24/7 radio show, magazine and photography section.

## TAKE ACTION

Joining Action is a fantastic way to maximise your college experience and enhance your CV.

Running over 35 projects, they provide a huge range of options for students to volunteer in the local community, nationally and internationally.

## ATHLETIC UNION

The Athletic Union has over 50 student-run clubs and boasts a total membership in excess of 4,000.

It's a great way to meet other sports enthusiasts and develop skills both on and off the field.

See page 24 for more details.

## FUNDRAISE WITH RAG

Our RAG is one of the largest student fundraising organisations of its kind in Europe, raising over £1.4 million every year, and there are plenty of opportunities for you to contribute to their amazing work.

From skydiving to climbing Kilimanjaro, becoming a member of LSU RAG is always a rewarding and worthwhile experience.

## THE FULL STUDENT EXPERIENCE

Make the most of your student experience at Loughborough College, enjoying everything from the Athletic Union to LSU societies.

# LIVING IN LOUGHBOROUGH

## SHOPPING

Loughborough is a busy market town with lots to offer. Make the most of your student discount with Topshop, Burton, New Look, Primark and Boots among the many high-street stores. There are supermarkets to suit all pockets, with Iceland, Tesco, Sainsbury's and M&S Food all located in the town centre, and a market day at least twice a week, offering fresh produce and household goods.

## EATING

With restaurants ranging from Indian and Italian to Mexican and Thai, you'll be spoilt for choice when dining out. The town centre also offers popular fast food chains and independent pubs, delis and coffee shops.

## NIGHTLIFE

Whatever kind of night you're after, Loughborough has got it covered. With the local clubs and bars offering dance, chart, rock and R&B, you can enjoy a great night out less than 10 minutes' walk from your halls. For the biggest student nights, head to the SU, where entertainment is offered throughout the week.

## SOCIALISING

There are plenty of spots for socialising in Loughborough, including the recent Baxter Gate leisure development. Comprising Cineworld, Nando's, Bella Italia, Pizza Express, Starbucks and more, this exciting area is perfect for hanging out with friends, and a taste of things to come in Loughborough's ongoing development plans.

## A thriving university town in the heart of the East Midlands...

- Visit Leicester and Nottingham for even more choice of shops and restaurants
- Head off the beaten track at Bradgate Park, Beacon Hill, and Swithland Woods
- Check out the discovery site and tomb of King Richard III
- Take a trip that's out of this world at the National Space Centre

# OUTSTANDING FOR SPORT

**For a great sporting experience, look no further than Loughborough College.**

**We make sure that everybody has the opportunity to lead an active lifestyle and encourage all of our students to get involved. With fantastic sports facilities on campus and a wide range of activities available, studying with us is a truly enriching experience.**

## SPORTING FACILITIES

The sports facilities in Loughborough are second to none, and our continued investment reflects our ongoing commitment to providing the best for our students. Take advantage of world-class facilities on both Loughborough campuses, whether training competitively, keeping fit, or simply playing for fun.

Read on for more details about how you can get active with Loughborough Sport.

## RADMOOR HEALTH & FITNESS

Based in the Radmoor Centre on the College campus, Radmoor Health & Fitness offers fantastic facilities and great value for money.

It houses a modern 50-station fitness suite, as well as indoor cycling, dance and exercise studios.

There are a range of classes on offer, including spinning, Insanity, BodyPump, Zumba, pilates, yoga, and body combat.

After exercising, be sure to make the most of the Radmoor Centre's commercial spa, sauna and steam room.

Facilities are used for both educational and commercial purposes, with our students using the gym to conduct the practical elements of their course. Other sports facilities on the Loughborough College campus include:

- Fitness and Sports Centre - hosting an Academy Sport and teaching gym, and four-court sports hall
- A rubber-crumb, 3G AstroTurf, all-weather pitch
- The Pavilion - a dedicated teaching and coaching environment
- Sport and exercise physiology laboratory
- Radmoor sports hall
- Athlete consultation rooms

**Sport has always been at the heart of studying in Loughborough, playing a key part in life on campus.**

**As well as a range of levels of student sport, there are plenty of opportunities to develop your coaching and leadership skills.**

# LOUGHBOROUGH SPORT

## PERFORMANCE

Student athletes competing for a range of first team squads take part in enhanced, high-performance sporting programmes, consisting of expert coaching, professional strength and conditioning, and sports medicine support.

They also have access to extensive indoor and outdoor training and competition facilities, a heavily-discounted gym membership, and support from the Performance Life Skills programme.

There's also financial support available, in the form of sports scholarships, for the highest-performing student athletes.

## RECREATION

The My Lifestyle programme is designed for students who want to exercise, keep fit and play sport for fun in an environment free from competition, expectation and obligation.

Divided into three key areas - My Activities, My Learn To, and My Events - you can choose which type of recreational sport best suits your interests, time and level of commitment.

## COACH AND VOLUNTEER ACADEMY

The Coach and Volunteer Academy (CVA) provides valuable sport-based coaching, volunteering and leadership opportunities that enhance student experience and personal development, whilst improving employability within the sports industry. There are a range of opportunities available, including coaching, officiating, sports science support, events, and marketing.

## CLUB

The Athletic Union (AU) has a huge variety of student-run clubs open to everyone, whatever your ability. From football, rugby and hockey to snow sports, water sports and martial arts, you're guaranteed to find something to keep you active.

AU clubs compete in British Universities and Colleges Sport (BUCS) competitions, and Loughborough has won the overall championship for 37 consecutive years.\*

With nearly 4,000 members, joining a club is a great way to meet new people and be a part of Loughborough's unique sporting experience.

## HALL

Loughborough is home to the largest student-led intramural sport (IMS) programme in the UK. Affiliate to a Loughborough University hall of residence to compete in over 30 sports by taking part in a mixture of one-day events and weekly leagues.

\*Only students on a Loughborough University validated programme are eligible to compete for Loughborough in BUCS.

**Studying at the College enabled me to fulfil my duties as a professional basketball player, playing up to three times a week, whilst studying for my BSc.**

**I truly believe that without the ongoing academic support I received I wouldn't have been able to graduate.**

**Jamell Anderson**

BSc (Hons) Applied Sports Science  
(Management)

**Professional  
Basketball Player**

Leicester Riders

Loughborough College campus is located on the edge of the town centre, just across the road from Loughborough University.

We strive to provide a comfortable and safe educational environment for students and staff alike, offering everything from dining facilities and break-out areas to study spaces and curriculum-specific equipment.

Making improvements to our buildings, classrooms and facilities is something which we take seriously, as investing in our campus means investing in our students' futures.

# OUR CAMPUS

## THE HUB

The Hub sits at the heart of the campus, and is your first point of entry when you visit the College. Opened in 2014 as part of a two-year college redevelopment, it is a modern complex comprising excellent dining facilities and a range of student support services under one roof.

## RADMOOR SPA & SALON

We officially opened the Radmoor Spa & Salon at the end of 2016. This commercial facility offers excellent value for money for the general public, while also being a hands-on learning environment for college students studying Hair and Beauty.

## SECURE CAMPUS

Loughborough College is a secure campus. Our lanyard system makes it easy to identify students, staff and visitors, providing a safer environment for students.

## OUR CAMPUS

We are always striving to improve our campus, ensuring that we provide the best possible facilities and environment for our students.

# FACILITIES

At Loughborough College, we offer our students more than just courses. We have a range of facilities on campus designed to help you to make the most of your experience and support your learning.

## ARTS ACADEMY

The Arts Academy is a brand-new development designed to provide top-level facilities to those looking to work in the creative industries. With a packed social calendar, you can catch plays, dance productions, art exhibitions and gigs throughout the year.

Undergraduate students studying Music will have access to our new, industry-standard recording studios, packed with state-of-the-art equipment, as well as fantastic rehearsal spaces for you to develop your skills.

## UNIVERSITY FACILITIES

Alongside access to the fantastic facilities on offer here at Loughborough College, our undergraduate students get access to a range of facilities at our validating universities, which include Loughborough University, Nottingham Trent University, the University of Derby and the University of Warwick.

## UNDERGRADUATE CENTRE

The Undergraduate Centre is a dedicated space used by our university-level learners to conduct their studies. Designed to meet the teaching, learning and social needs required for Higher Education study, you will have access to the computers, breakout areas and lecture rooms in this specialised facility.

## CYBER-SECURITY AND OFF-GRID NETWORKING LABORATORY

Our brand new state-of-the-art cyber security laboratory will provide students with the equipment, knowledge and skills needed to work in the fast moving computing sector. Students will have access to an isolated environment, on their own network to enable the use of industry standard software including AccessData FTK, Kali Linux and SIFT.

## ENGINEERING LABORATORIES

Our engineering laboratories are of an excellent standard and include the highest specification jet engines, electronic testing devices such as Programmable Logic Controllers (PLCs) and a spectrum analyser.

Undergraduate students on our Engineering courses will be able to use these state-of-the-art facilities for hands-on learning, putting their skills into practice and gaining vital industry experience.

## EXERCISE PHYSIOLOGY LABORATORY

Our state-of-the-art physiology lab is equipped with high-spec treadmills and exercise ergometers, allowing Sport students to gain an applied insight into the physiological changes associated with exercise.

The lab is also equipped for gas analysis, haematological assessment and measures of hydration, as well as body composition techniques. High-speed cameras and a pressure plate also allow for analysis of human performance from a biomechanical perspective.

## **LIBRARY**

Our Library offers a range of drop-in and bookable computer facilities in a variety of comfortable study environments. We have a dedicated area for undergraduate students to study, and the facility to reserve small rooms for the purpose of conducting group work. A wide range of academic books, e-resources, e-books and e-journals are also available, all of which can be accessed both on and off-site.

## **FOOD**

There are plenty of places to eat on campus, and our prices are designed to suit all pockets. We have a range of tasty light bites, quick snacks and home-cooked meals available to purchase in our two cafés, two restaurants and student shop.

The Radmoor Restaurant & Bar and Café Chino are on-site facilities staffed by our students to help them to gain practical experience working in a fully functional kitchen and service environment. Radmoor Restaurant & Bar is open to the public, providing a fantastic dining experience and great value.

## **RADMOOR HAIR & BEAUTY**

With modern, luxurious studios, our hair and beauty salons are the perfect place to relax, unwind, and treat yourself to an uplifting experience for body and mind.

From massages to manicures and hairdressing to tanning, Radmoor Hair & Beauty offers an extensive range of professional treatments at affordable prices.

## **RADMOOR DAY NURSERY**

The Radmoor Day Nursery offers a full day care facility for children up to school age. Students of the College are welcome to use this facility during term time, and we also run additional after-school and holiday clubs as part of our care scheme.

## FACILITIES

We pride ourselves in providing state-of-the-art facilities for our students, catering for more than just academic achievements.

# ACCOMMODATION

The thing I like most about living in the college halls is that it's very welcoming and everyone looks after each other.

Our accommodation was rated **GOOD** by Ofsted in January 2018

**Our accommodation has everything you'll ever need to feel happy and settled whilst studying at Loughborough College.**

## HALLS OF RESIDENCE

- Five-minute walk from the college and Students' Union
- Ten-minute walk from the town centre which has several large supermarkets and a farmers market twice a week offering supplies for all dietary requirements
- 223 single bedrooms which are mostly en-suite
- Five or six person flats with fully fitted kitchens
- Access to communal area complete with TV, Xbox and Table Tennis table as well as outdoor spaces for barbeques and social events
- Organised social events such as escape rooms, go-karting and cinema
- We have rooms that are adapted for disabled students (subject to assessment)
- All rooms have free Wi-Fi
- Range of support services

Accommodation advice: **0844 3320206**  
or **accommodation@loucoll.ac.uk**

We are accredited by ANUK/Unipol

**It is clear that management are well focused in ensuring the safety of students.**

**Living in halls provides all the facilities a student needs for getting used to living far away from home. I've made a lot of new friends, I have a great kitchen to cook in, a great room where I can study and everything I need.**

# SUPPORTING YOU

Whichever route you choose to take, we're here for you every step of the way.

## YOUR ACADEMIC TUTOR

All students have access to an academic tutor who will meet with you on a regular basis to offer professional advice and guidance relating to your studies.

Your tutor will work with you to ensure you achieve your academic goals and can provide information about progression opportunities and career prospects.

## STUDENT SERVICES

We have staff on hand to help with any financial, travel, application, or accommodation queries.

Information about opportunities and support around the college is available from the Welfare and Development Team. They can help you to connect with LSU and access our student voice service, which deals with financial, legal, educational, disability, and international issues.

## STUDENT SUPPORT

We welcome students with a wide range of support needs and disabilities and we have a dedicated support network in place to make sure that you get the very best from your college experience.

If you have a disability, including a long-term health condition, mental health condition, or specific learning difficulty, such as dyslexia, you can apply for a Disabled Students' Allowance (DSA). This can help you pay the essential extra costs you may have as a direct result of your disability, including staff support, travel costs, assistive technology, and training on how to use technology effectively.

DSAs are grants, meaning you don't have to pay them back, and they don't depend on household income - the support you get depends on your needs.

Every effort will be made to provide the support that you require; however, please note that, in some circumstances, we may not be able to meet all support needs.

**Loughborough College seeks to enable all individuals to develop, grow and achieve their full potential. Loughborough College is committed to promoting an environment, where every learner is treated with respect and dignity. No learner, member of staff or any related third party should feel disadvantaged on the grounds of ethnicity, sex, age, gender reassignment, pregnancy, marital status, sexual orientation, disability, religious beliefs or any other characteristic.**

**Loughborough College is responsible for ensuring that all individuals receive the same opportunities, regardless of personal circumstances and individual differences.**

**Join Loughborough and be part of a global network of success stories. Welcoming students from over 40 different countries, we are proud of our growing multicultural community here at Loughborough College.**

Our international graduates speak passionately about their experience with us and the extra support that is made available to them throughout their education.

# INTERNATIONAL STUDENTS

## WHY CHOOSE LOUGHBOROUGH?

- We are a licensed Tier 4 sponsor
- Our dedicated International Team is here to support you before you arrive and throughout your time in the UK, offering help with everything from visas to bank accounts
- We host learners from over 40 different countries and, together with Loughborough Students' Union, organise special international student events and trips
- English language support is available to all of our students, helping you to make the most of your studies in the UK
- Excellent accommodation options (see page 38)
- Flexible study options including the possibility of studying part of your course in your home country

## INTERNATIONAL FOUNDATION PROGRAMME

**Loughborough College has been successfully running an international foundation programme and helping students into higher education for over 12 years.**

The Loughborough College International Foundation Programme (LCIFP) is designed for international students who have good end of school grades but are in need of an extra year of study before beginning their undergraduate studies in the UK.

Special emphasis is placed on subject specific tuition to prepare students for their chosen degree programme, as well as developing the study skills needed for success in an independent learning environment.

Successful completion of the LCIFP will guarantee you progression onto Loughborough College's range of full three-year BA or BSc degrees.

## ADVICE AND SUPPORT

Our International Team is on hand to support you throughout your studies, offering help with opening a bank account, finding a place of worship, registering with a doctor, and lots more.

We understand how uneasy some students can be when leaving their home country, especially if they have not done so before. So, for all new full time students studying for a full academic year, we arrange a free airport collection service. As well as this, every international student has an academic tutor who will monitor your development, help you to achieve your goals, and talk with you about any personal issues that you may want to discuss.

There are plenty of opportunities for you to get involved in college life and, as an automatic member of the Loughborough Students' Union (LSU), you can choose to join in with the many student run clubs, sports teams and volunteering schemes that they offer. The LSU boasts over 100 societies and has been voted Number 1 for student experience several years in a row. (see page 14).

## VISA SUPPORT

**It is important that all of our international students check with the UK Home Office before they apply for the most up to date visa requirements.**

At Loughborough College, we are able to provide guidance throughout the whole visa application process.

Loughborough College is a government approved Tier 4 Sponsor, allowing us to offer courses at NQF Level 3 and above to international students aged 16 years and over. There are two types of study visa available: Tier 4 (General) Student Visa and Short Term Study Visa. More information can be found at: [www.gov.uk/browse/visas-immigration/student-visas](http://www.gov.uk/browse/visas-immigration/student-visas)

For more information about how to prepare and apply for the above visas to study at Loughborough College, our International Student Advisor can be contacted at [international@loughcoll.ac.uk](mailto:international@loughcoll.ac.uk)

Once you have arrived at the College, our International Student Advisor will be happy to help you with picking up your Biometric Residence Permit (BRP), as well as arranging police registration if necessary.

## FINANCE AND FUNDING

### International Students

The price of your course includes:

- Free airport pick-up for new students studying for at least one year
- Free English language support alongside subject-specific study
- Induction programme
- Membership of Loughborough Students' Union

The cost of living in Loughborough is very reasonable compared to many UK cities. As a general rule, and to satisfy the requirements for a Student visa, you will require approximately £1,015 per month to cover your accommodation, food, local travel, and other day-to-day costs.

Course fees can be found on our website or by contacting the International Team:

**+44 (0)1509 618045**  
**[international@loughcoll.ac.uk](mailto:international@loughcoll.ac.uk)**  
**[www.loughcoll.ac.uk/international](http://www.loughcoll.ac.uk/international)**

### EU Students

European Union students who qualify as ordinary residents of a member state will be charged fees at the same rate as home students.

EU students may be eligible for financial support towards tuition fees from Student Finance England.

For more information, contact Student Finance England on **0845 300 5090** or visit **[www.gov.uk/student-finance](http://www.gov.uk/student-finance)**

Please do not travel to the UK with large amounts of cash.

## HOW TO APPLY

To apply for a course at Loughborough College, please fill in the online application form on the international website. Here you will also find visa information, including how to apply for a visa from outside the UK. If you require any advice or assistance, please contact the International Team.

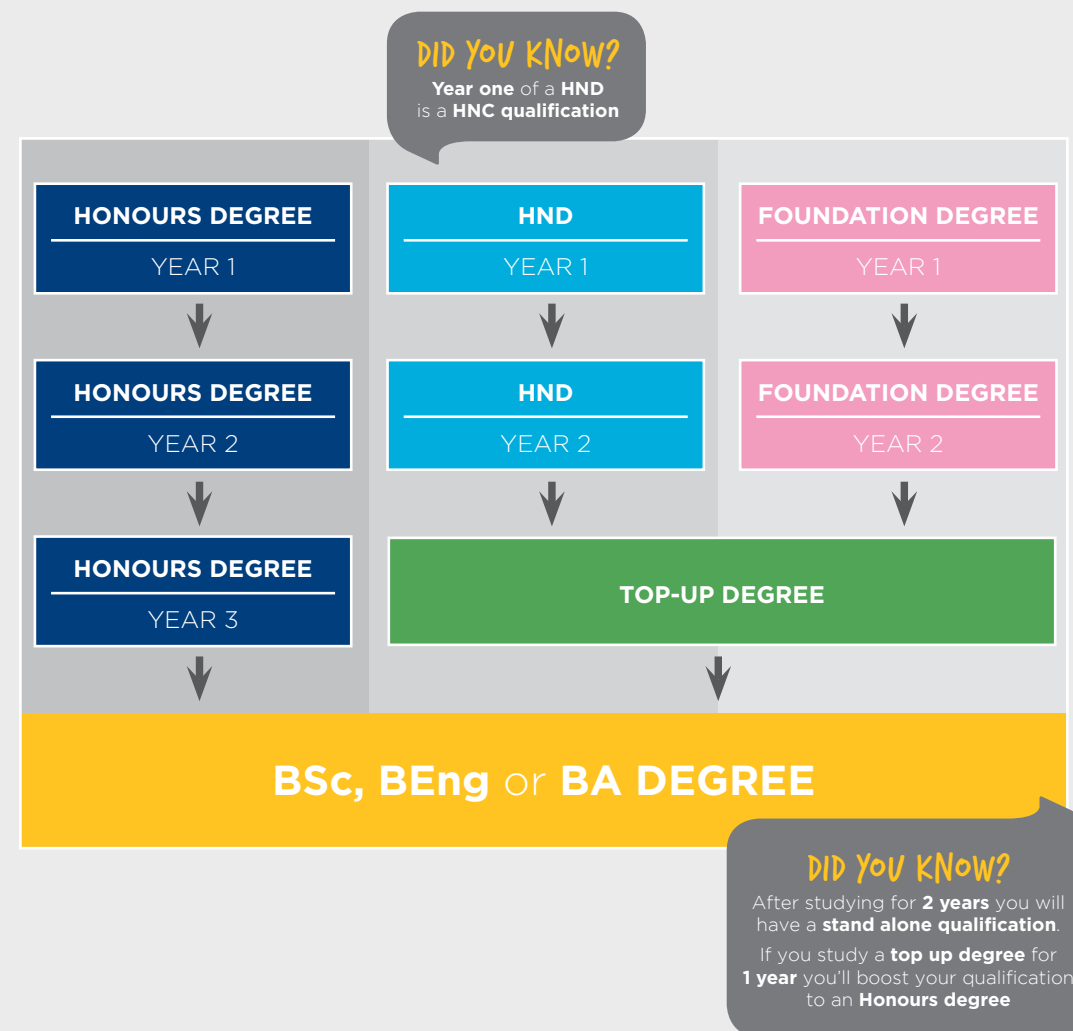

Visit **[www.loughcoll.ac.uk/international](http://www.loughcoll.ac.uk/international)** or contact the International Team:

**+44 (0)1509 618045**  
**[international@loughcoll.ac.uk](mailto:international@loughcoll.ac.uk)**

# COURSE LEVELS EXPLAINED

At Loughborough College, there's more than one route to gaining a degree-level qualification.

If you've got the drive, we've got the course...

## HNC/HND

The BTEC Higher National Certificate (HNC) and Higher National Diploma (HND) are established qualifications that are widely recognised and highly regarded. We offer these in various, flexible modes of study, including part-time, block release, or evening options.

For part-time HNC/HND courses, you can apply directly to the college. For full-time HND courses, you need to apply via UCAS.

## FOUNDATION DEGREE

Foundation Degrees have been designed together with employers to meet the growing demand for skilled people who can apply an enhanced understanding of their subject in the workplace. You can either enter employment after completing the course or choose to "Top Up" to a full Honours degree.

For full-time, please apply via UCAS. For part-time, please apply directly to the college unless otherwise stated.

## HONOURS DEGREE TOP-UP

Successful HND or Foundation Degree students who meet entry requirements, are eligible to progress on to a one-year, full-time course at Loughborough College, designed to "top up" their current qualification to a full honours degree, awarded by our partner universities.

Unless stated otherwise, you should apply through UCAS. Some Top-Up courses allow direct entry for students who have substantial industry experience.

## HONOURS DEGREE

Loughborough College is proud to now offer several full three-year Honours degree courses, with our partner universities, and we are currently working to expand our degree provision further.

Although you will study at Loughborough College, your final qualification will be awarded by the validating university itself and will be equivalent to receiving a degree directly from them.

Unless stated otherwise, you should apply through UCAS.

## PART-TIME COURSES

Many of our degree courses can be studied on a part-time basis, allowing you to fit studying for a degree around work and family commitments.

## BLENDED LEARNING

Many of our degree-level courses are offered through blended learning, allowing you to study alongside work or family commitments by using a combination of distance learning, online support and contact days.

## PROFESSIONAL QUALIFICATIONS

We have a wide range of full-time and part-time professional courses which give you the opportunity to update your skills and study career-related courses. Many of these courses lead to qualifications awarded by a variety of professional bodies, including the Association of Accounting Technicians (AAT), Chartered Institute of Marketing (CIM), Chartered Management Institute (CMI) and the Institute of Leadership and Management (ILM).

# OUR UNIVERSITY PARTNERS

## PROUD TO WORK WITH TOP UK UNIVERSITIES.

Loughborough College's undergraduate provision includes a range of Foundation Degrees and full Honours Degrees, delivered in partnership with leading universities. At the end of your degree, your certificate is awarded directly by the validating university, as it is their degree that you will have completed.

All of our degree programmes are quality assured each year by the universities that award them to ensure that they meet the highest possible standards.

## Why study at degree level at Loughborough College?

Working with some of the UK's top universities allows us to provide exceptional levels of education, while giving students the benefit of an alternative pathway to degree education.

- Smaller class sizes
- Excellent one-to-one engagement with tutors
- Lower cost of living
- Access to university facilities
- Flexible modes of study
- Versatile progression pathways

Along with full 3-year honours degrees, we also offer a range of flexible degree pathways, starting with two-year HNC/HND or Foundation Degree courses, which you can then "top up" with a one-year Honours Degree course. At the end of this degree course, you will receive a full Honours Degree directly from the awarding university.

**Whatever your circumstances, we'll do our best to accommodate you onto a degree course that's right for you.**

Along with our university partners, we also work with examination body Pearson, who validate and award our HNCs and HNDs. This gives you the peace of mind that your qualification is of a nationally recognised standard.

For more information about our partners and how they relate to your final qualification, contact our undergraduate admissions team on [undergradadmissions@loucoll.ac.uk](mailto:undergradadmissions@loucoll.ac.uk) or call 01509 618359

# FEES AND FUNDING

COURSE	FULL-TIME ANNUAL FEE	PART-TIME ANNUAL FEE
Access to Higher Education Business	£3022	
Access to Higher Education Health Studies	£3384	
Access to Higher Education Social Sciences	£3022	
Certificate Education and Training		£1500
Diploma Education and Training		£4500
HNC/HND excluding Creative Media Production (Games)	£7395	£4500
HND Creative Media Production (Game Development)	£5950	£4500
Foundation Degree (excluding Music)	£7395	£4500
Foundation Degree Music	£5950	£4500
BSc (Hons)	£7956	£4500
BEng (Hons) Top-Up	TBC	TBC
BA (Hons) Top-Up	£7395	£4500
BA (Hons) Blended Learning	£7395	£4500
BSc (Hons) Blended Learning	£7395	£4500

Students are guaranteed to not have any inflationary increase in tuition fees applied for the duration of their course, whilst they remain enrolled continuously.

## FULL-TIME STUDENTS

**If you are a full-time UK resident and are studying a full-time HND, Foundation Degree, or Honours degree, you should be eligible to apply to Student Finance England for financial support towards tuition fees and living costs.**

It is advisable to submit your Student Finance England application (PN1 form) as soon as possible.

Tuition Fee Loans and Maintenance Loans must be paid back. Repayments are linked to your income and you will only commence repayments once your income is over £25,000 (see table).

INCOME	AMOUNT OF INCOME FROM WHICH 9% WILL BE DEDUCTED	MONTHLY REPAYMENT
Up to £25,000	£0	£0
£30,000	£5000	£37.50
£35,000	£10,000	£75.00
£45,000	£20,000	£150.00
£55,000	£30,000	£225.00

More information and the online application form can be found on [www.gov.uk/studentfinance](http://www.gov.uk/studentfinance) or by contacting the Student Finance England Helpline on **0300 100 0607**

## PART-TIME STUDENTS

Students who are ordinarily resident in the UK and studying part-time are able to apply for a loan from Student Finance England for financial support with tuition fees.

More information and the online application form can be found on

[www.gov.uk/student-finance](http://www.gov.uk/student-finance) or by contacting the Student Finance England Helpline on **0300 100 0607**

For information on part-time course fees and support with the Student Finance application process, call us on **01509 215831** or send an email to [studentfinance@loughcoll.ac.uk](mailto:studentfinance@loughcoll.ac.uk)

## FULL-TIME EU AND NON-EU STUDENTS

European Union students who qualify as ordinary residents of a member state will be charged fees at the same rate as home students.

EU students may be eligible for financial support towards tuition fees from Student Finance England.

For more information, contact Student Finance Services Non UK Team on **0141 243 3570** or visit [www.gov.uk/student-finance](http://www.gov.uk/student-finance)

You can obtain details of fees for non-EU students from the International Team on **+44 (0)1509 618045** or at [international@loughcoll.ac.uk](mailto:international@loughcoll.ac.uk)

## SCHOLARSHIPS AND AWARDS

Loughborough College will have a number of scholarships and awards available in 2019/20, and these will be advertised once agreed with the Office for Fair Access Office for Students (OfS). More information about scholarships and support available can be found on the Financial Support section of our website.

For further information on what financial help is available, visit [www.education.gov.uk](http://www.education.gov.uk) or [www.gov.uk/student-finance](http://www.gov.uk/student-finance) or contact our Student Finance Officer on **01509 215831**

## STUDENTS ORDINARILY RESIDENT IN SCOTLAND

Students who are ordinarily resident in Scotland may be eligible for financial support from SAAS (Student Awards Agency for Scotland).

Depending on individual circumstances, students may be eligible to apply for:

- Tuition Fee Loan (up to £9,250)
- Student loan for living costs (subject to assessment)
- Students' Outside Scotland Bursary
- Additional loan (applicable to students eligible for a Students' Outside Scotland Bursary)
- Other supplementary grants

For more information, please contact SAAS on **0300 555 0505** or visit [www.saas.gov.uk](http://www.saas.gov.uk)

## STUDENTS ORDINARILY RESIDENT IN IRELAND

Students who are ordinarily resident in Ireland may be eligible for financial support from [studentfinance.ie](http://studentfinance.ie). Please visit [www.studentfinance.ie](http://www.studentfinance.ie) for more information.

## STUDENTS ORDINARILY RESIDENT IN WALES

Students that are ordinarily resident in Wales may be eligible for financial support from Student Finance Wales.

Please call **0300 200 4050** or visit [www.studentfinancewales.co.uk](http://www.studentfinancewales.co.uk) for more information.

For the most up-to-date information on student loans, please visit [www.gov.uk/student-finance](http://www.gov.uk/student-finance)

# MATURE STUDENTS

**It's never too late to learn something new, so apply now and find yourself on the path to a brighter future.**

We welcome students of all ages and provide support across a broad range of disciplines. Offering Access to Higher Education, professional courses and degree-level programmes, we can help you to achieve the qualification you need to enhance your earning potential. If you are aged 21 or over at the start of your course and find that you do not meet the formal entry requirements, we urge you to still apply.

Following your application, you will be invited to attend an interview to discuss your knowledge of and interest in the subject area with the course tutor.

A place will then be offered to you, providing that the tutor feels that you have the right experience and relevant skills.

# ADVANCED LEARNER LOANS

## ADVANCED LEARNER LOANS KEY FACTS

- If your loan is for an Access to Higher Education course and you progress to complete a Higher Education university-level programme, you will not have to pay back your loan
- You'll pay nothing upfront and repayments will only start once you have finished your qualification and are earning over £21,000 per year
- Repayment of loans is through the income tax system. Interest will be charged at the retail price index RPI+3% during the period of study and until the April after you leave the course
- From the April after you finish the course, repayments are at 9% of income above £21,000 - irrespective of the amount of loan taken out
- Loans are not means-tested or credit-checked
- Outstanding loan balances will be written off after 30 years

**Applying for an Access to HE course? Aged 19 or over? Then you can apply for a loan, gain a qualification, and get the job you want without the financial worry.**

**Advanced Learner Loans have been introduced to ensure that everyone has the opportunity to study by covering the costs of your course fees. They are available to learners wanting to enrol on one of our Access to Higher Education courses (see pages 132-141).**

## TO QUALIFY, YOU'LL NEED TO:

- Be aged 19 or over at the start of the course
- Be studying an eligible course (as per the funding policy)
- Have been a resident in the UK for three years prior to the start of the course

## TO FIND OUT MORE:

Visit [www.loucoll.ac.uk](http://www.loucoll.ac.uk) or [www.gov.uk/advanced-learner-loan](http://www.gov.uk/advanced-learner-loan)  
[studentfinance@loucoll.ac.uk](mailto:studentfinance@loucoll.ac.uk)

Call our Student Finance Officer on **01509 215831** or the Advanced Learner Loans student helpline on **0300 100 0619**

D		10				
		8				P
E		6				

For more information about the UCAS Tariff, including an online calculator, visit [www.ucas.com](http://www.ucas.com)

We welcome applications from mature students over the age of 21 and may be flexible in our normal offer if you show a commitment to succeed and have the relevant skills and experience of working within the industry.

On top of specific course entry requirements, the majority of our Higher Education courses require that you have Maths & English GCSEs, plus a level 3 qualification.

If you don't quite meet these general entry requirements, we still encourage you to apply. We welcome all applications, including those from mature students, and may be flexible in our normal offer if you show a commitment to succeed and have the relevant skills and experience of working within the industry.

UCAS Tariff points are usually expected to have been gained from three A Levels (excluding General Studies) or Level 3 Diploma/BTEC qualifications (see table).  
  
Some courses may also require an interview and/or an enhanced Disclosure and Barring Service (DBS) check.

For more information about entry requirements, please contact Higher Education Registry on **01509 618352** or e-mail [undergradadmissions@loughcoll.ac.uk](mailto:undergradadmissions@loughcoll.ac.uk)

# HOW TO APPLY

Your application journey  
from start to finish

If you have any questions regarding the undergraduate degree application process, please contact us and we will be happy to help you.

Call **01509 618359**

Email **[undergradadmissions@loucoll.ac.uk](mailto:undergradadmissions@loucoll.ac.uk)**

Or submit an enquiry on our website at  
**[www.loucoll.ac.uk](http://www.loucoll.ac.uk)**

please see page 44

Search:

**UCAS key dates**

for more information

## YOUR UCAS JOURNEY

**START YOUR JOURNEY**

Research courses, attend open days, and plan your application.

**15TH JANUARY**

Apply before this point to guarantee that your application will be considered by institutions.

**FEBRUARY**

Consider applying for student finance support. Your application can take up to six weeks to be processed. UCAS Extra opens 25th February.

**MARCH**

Most offers will have been made by institutions.

**MAY & JUNE**

Firm and insurance choices need to be decided.  
**Note:** This is dependent on when you made your application

**JULY**

Clearing opens.

**AUGUST**

A Level results day! Get your place confirmed.  
**Note:** UCAS Track is unavailable around results day.

**SEPTEMBER**

Enrol and start your course.

# YOUR APPLICATION JOURNEY

## APPLY THROUGH UCAS

If you're applying for a full-time undergraduate qualification (or any part time qualification showing a UCAS code) you will need to apply via the UCAS website:  
[www.ucas.com/apply](http://www.ucas.com/apply).  
The institution code for Loughborough College is **L77**

### ACKNOWLEDGEMENT

We will contact you to confirm that we've received your application

### WHAT HAPPENS ONCE WE'VE RECEIVED YOUR APPLICATION?

Our Undergraduate Admissions Team will consider all aspects of your application. Sometimes we may need to refer your application to a curriculum manager for a final decision. During this time, any changes can be viewed on **UCAS Track**

### RECEIVE AN OFFER

Hopefully, we'll be able to make you one of the following offers:

#### CONDITIONAL:

We'll make you an offer based on you meeting academic criteria e.g. you must achieve 96 points including GCSE English and maths at 4 or above.

#### UNCONDITIONAL:

If you receive an unconditional offer there will be no academic conditions for you to meet. There may still be non-academic requirements that you need to meet e.g. Satisfactory DBS check  
If we're able to make you an offer you'll get a notification through UCAS Track.

## UCAS EXTRA?

**UCAS Extra** is available between **late February and 30<sup>th</sup> June**. It allows you to make **ONE** further choice. This is only the case if you have not received any offers from your original applications OR you have had a change of heart and decline all of your current choices or offers. If you become eligible for UCAS Extra, UCAS will contact you with further details.

## UCAS CLEARING

If you don't get the grades you need for either your firm or insurance choices **or you apply after 30<sup>th</sup> June**, you will be entered into clearing.

Call us on our clearing line on **01509 618344** to see if we have places available and to secure your place.

### REPLY TO YOUR OFFERS

Once you've received all of your offers, **the ball is in your court**. If you have more than one offer you'll need to select which offers to accept and which to decline.

#### FIRM Choice

You need to choose one offer as your preferred choice.

If you accept Loughborough College as your firm choice, we'll guarantee your **place**.\*

#### INSURANCE Choice

If your firm choice is a conditional offer you need to select a backup option. This means that if you don't get the grades for your first choice, you would be accepted onto your back up (as long as you meet the entry requirements). It's a good idea to select an insurance choice with lower entry requirements than your firm choice.

#### DECLINE

Any other offers that are outstanding will be declined.  
If you're fortunate enough to have received an unconditional offer and you want to accept that offer as your firm choice, you will not be offered a backup choice. If they want you and you want them, it's a match.

### MEET YOUR NON-ACADEMIC CONDITIONS

There are sometimes additional requirements to your offer, for example a DBS check or fee status assessment.

### GET YOUR RESULTS

Remember! You must provide us with proof of your results to **undergradadmissions@lough.ac.uk** if we have specified this in your offer. If you do not send proof of the qualifications you listed in UCAS, this will hold up confirmation of your place.

### ENROLMENT AND INDUCTION

You will need to enrol onto your course in September. We'll send you further details of this, and information about your induction closer to the time.

**START YOUR COURSE**

\*Only available for some courses

# COMPUTING & MEDIA PRODUCTION

## Daniel Apparicio

Curriculum Manager  
HE Engineering, Creative  
and Professional  
Qualifications

Studying the HND in Computer Systems Development or Creative Media Production here at Loughborough College will give you the opportunity to arm yourself with valuable skills, preparing for a career in the IT or gaming industry.

The tailored study program allows you to develop your future pathway by working with the latest hardware and software, giving you relevant skills and experience, which will be essential in your future career.

Our HNDs offer expert teaching by our highly qualified, industry-trained staff. You will have the opportunity to study Digital Forensics, Computer Intelligence and Cybersecurity units.

## COMPUTING AND MEDIA PRODUCTION DEGREE PATHWAYS

A LEVELS, BTEC, ACCESS PROGRAMME (INCLUDING FOUNDATION YEAR) OR EQUIVALENT

HND

Computing  
Creative Media Production  
(Game Development)

2 Years

BA/BSc (HONS) TOP-UP

1 Year

GRADUATE WITH BA/BSc (HONS) DEGREE

**As a Higher Education Computing & Media Production student, you'll have access to a variety of cutting-edge programming and games design software, including:**

- Adobe Creative Cloud – professional suite of software used for graphic design, video editing and animation, web development, and photography
- Unreal Engine 4 – industry-standard game engine used in the development of AAA games
- ZBrush – digital sculpting tool that combines 3D/2.5D modelling, texturing and painting
- Raspberry Pi – customisable credit card-sized single-board computer
- Lego Mindstorms EV3 – integrated robotics kit
- AccessData FTK, Kali Linux and SIFT

## CAREERS

### WEB DEVELOPER

Designs and develops websites and applications to suit clients' needs, along with testing and bug fixing. Web developers usually work on the code, database and software elements of the back-end, rather than the visual design, though some roles may combine both.

### 3D ARTIST

Develops 3D visual elements such as characters and environments, often working from initial 2D designs, and makes them ready for use in computer games and other visual media. Your role may include image editing, character rigging and animation.

### COMPUTER GAMES DESIGNER

Roles exist within design, programming, art or animation, taking a creative concept or design and transforming it into a fully functional computer game. This broad industry covers many areas of specialism, such as editing, designing, testing and modelling.

# HNC/HND COMPUTING

This HNC/HND programme has been designed to equip you with the necessary skills and understanding required to build a successful career within the computing industry. With the modern cyber-security and off-grid networking laboratory room, the programme will allow students to learn modern concepts and skills linked to a fast moving sector. The course combines theoretical understanding with practical sessions and aims to prepare you for the complex challenges that exist within the field of computing and IT.

## YEAR 1

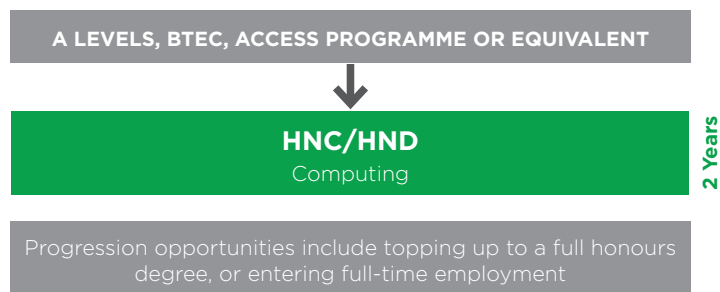

Programming  
Networking  
Professional Practice  
Database Design & Implementation  
Security  
Managing a successful Computing Project  
Strategic Information Systems  
Computer Systems Architecture

## YEAR 2

Computing Research Project  
Business Intelligence  
Advanced Programming  
Forensics  
Information Security Management  
Systems Analysis and Design  
The Internet of Things  
Virtual and Augmented Reality Development

\*All modules subject to change

Awarded by

## ABOUT THIS COURSE

With a learning programme that is specific to requirements of industry, this course aims to enhance your skills and improve your abilities in order to develop you as a rounded practitioner. Studying a core of programming, computer systems and networking principles, this course also allows you to broaden your understanding and diversify your applied knowledge with the areas of computing and systems development.

Designed to meet the needs of the computing, software development and networking, we offer students industry standard software and modernised learning facilities in which to conduct both practical and theoretical tasks. You will be expected to manage your own workload and commit to a level of self-directed study, however, support will be continually available from our experienced team. You will also be invited to take part in study skills sessions which will enable you to develop valuable

academic skills for this Higher Education programme.

## PROGRESSION OPPORTUNITIES

Using the subject-specific knowledge and transferable skills acquired on this course, you may choose to enter employment directly or continue studying at a university to complete a 'top-up' degree.

The HND in Computing is also a progression route to the professional qualifications offered by the British Computer Society (BCS).

UCAS Code: **i100**

Entry Req: **At least 64 UCAS points from three A Level subjects with a mathematical or analytical bias OR a Level 3 BTEC qualification in a relevant computing or interactive media-based discipline.**

Course Length: **2 Years full-time**  
**Part-time study options available**

# HND CREATIVE MEDIA PRODUCTION (GAME DEVELOPMENT)

This HND programme is geared towards you gaining the required skills, understanding and confidence to begin your career in the games industry, or continue the path into Higher Education. This two-year, full-time course combines theoretical understanding with practical sessions and aims to prepare you for the complex challenges that exist within the field of games design. You will utilise the most up-to-date hardware and software that will enable you to develop a career in the games industry.

## ABOUT THIS COURSE

The structure of this HND programme revolves around a core of games design, 3D modelling and game engines. These skills will allow you to slot easily into a larger games design studio or begin to create your own indie games. Your knowledge will be backed up by learning how to use industry-standard software, including 3ds Max, Unreal Engine 4, and Adobe Creative Cloud. Additional units will explore the theory behind narratology and ludology, and how the two interact. You will be expected to manage your own workload and commit to a level of self-directed study; however, support will be continually available from our experienced team. You will also be invited to take part in study skills development sessions, which will enable you to gain valuable academic skills for this Higher Education programme.

## PROGRESSION OPPORTUNITIES

Using the subject-specific knowledge and transferable skills acquired on this course, you may choose to enter employment directly or continue studying at a university to complete a 'top-up' degree.

UCAS Code: **i620**

Entry Req: **At least 64 UCAS points from three A Level subjects with a mathematical or analytical bias OR a Level 3 BTEC qualification in a relevant computing or interactive media-based discipline.**

Course Length: **2 Years full-time**  
**Part-time study options available**

## YEAR 1

Individual Project  
Creative Media Industry  
Professional Practice  
3D Modelling  
Game Development Practices  
Games in Context  
Game Design  
Optional: Art Development or Principles of User Experience & User Interface Design

## YEAR 2

Collaborative Project  
Personal Professional Development  
Advanced Game Development Studies  
Advanced 3D Modelling  
Narrative  
Environment & Level Design  
Optional: Mobile Game Development **or** Scripting for Games **or** Asset Capture & Management

\*All modules subject to change

Awarded by

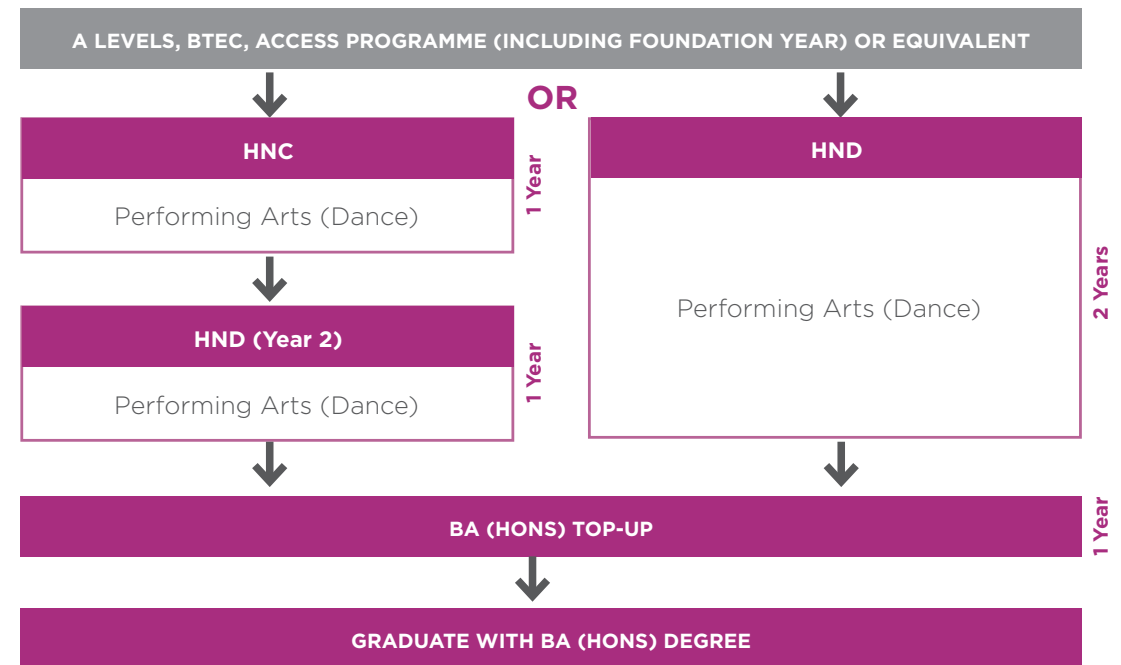

# DANCE

The HND offers a practical and intensive training to help develop your skills and abilities. You will have the opportunity to study contemporary techniques alongside the classics. The course will develop a creative approach to dance through choreography and digital media.

## DANCE DEGREE PATHWAYS

**During your Dance degree-level programme, take advantage of equipment and facilities in our £15-million Arts Academy and Hub, including:**

- Rehearsal Studios – fully sprung floors, PA systems and interactive playback
- Performance venues – 200+ seat theatre and showcase room
- Computer Suites – dedicated study areas for students on degree programmes

## CAREERS

### DANCER

Performs routines and expressive or artistic movements, often conveying an emotion, story or concept. A dancer's role involves perfecting a variety of dance styles, rehearsing, exercising, learning choreographed routines, auditioning, and performing either live or on camera.

### CHOREOGRAPHER

A choreographer's role involves the creation of dance routines and creative movement, from interpreting and realising an initial concept through to training performers in their execution. Choreography is required by a range of industries, such as film, theatre, TV and music.

### DANCE TEACHER

Trains students in the art of dance, often across a range of styles. Responsibilities may include leading a warm-up, demonstrating dance moves, choreographing routines, and providing feedback. Patience and excellent communication skills are essential skills for this role.

# HNC/HND

## PERFORMING ARTS (DANCE)

The HNC/HND in Performing Arts (Dance) has been designed to develop your technical ability in a variety of styles, preparing you for a successful career in the performing arts industry as a versatile dancer. The one-year HNC or two-year HND, full-time course will provide practical training alongside developing theoretical knowledge and academic skills through studio-based research.

### HNC

The Performing Arts Industry  
Professional Development Level  
Contemporary Dance 1  
Jazz Dance 1  
Commercial Dance 1  
Choreography 1  
Dance for Camera  
Devising Theatre for Performance

### HND- HNC PLUS:

Creative Research Project  
Working in the Performing Arts Industry  
Contemporary Dance 2  
Jazz Dance 2  
Contact Improvisation  
Performance Project  
Working in Creative Education  
\*All modules subject to change

UCAS Code: **HNC DN10, HND DN11**

Entry Req: **64 UCAS points**

**GCSE English grade 4/C or above**

**Satisfactory dance ability to be assessed at audition**

Course Length:

**HNC - 1 Year full-time**

**HND - 2 Years full-time**

**Part-time study options available**

Awarded by

A LEVELS, BTEC, ACCESS PROGRAMME OR EQUIVALENT

### HNC/HND

Performing Arts (Dance)

1/2 Years

Progression opportunities include topping up to a full honours degree, or entering full-time employment

### ABOUT THIS COURSE

The HNC/HND programme focuses on developing your technical skills as a dancer and performer in a variety of styles, which include contemporary, jazz, musical theatre and commercial dance.

You will begin to explore solo choreography whilst developing your academic skills through studio-based research, and will have multiple opportunities to perform as a member of a new professional dance company in our industry-standard theatre.

The course allows you to develop research skills appropriate to a degree-level course, as well as to explore dance criticism and analysis. The programme is designed to develop your independent learning skills, and your academic tutor will be on hand to provide support. You will receive up-to-date training from dedicated lecturers who have relevant industry experience as professional performers and choreographers. There will also be opportunities to engage with visiting professionals as part of a focus on developing your employability skills and ability to successfully promote yourself as a dancer.

Year two focuses on developing you as a choreographer, practitioner and educator, with a clear focus on employability. As a second-year student, you will not only perform as a member of our new dance company, but will have opportunities to take on key production and management roles to enhance your professional training. You will explore the role of a choreographer and dancer in a variety of settings beyond a traditional theatre, including site-specific performance and dance for camera.

### PROGRESSION OPPORTUNITIES

On completion of the HNC, you can progress onto the second year Level 5 Higher National Diploma in Performing Arts (Dance) here at Loughborough College, or enter into the performing arts industry, armed with relevant skills and experience.

Successful graduates of the HND may choose to continue studying at a university to complete a 'top-up' degree in dance or a related subject, while others enter into the performing arts industry, armed with relevant skills and experience.

# EARLY YEARS

**Amanda Donkin**  
BA (Hons) Education  
Studies

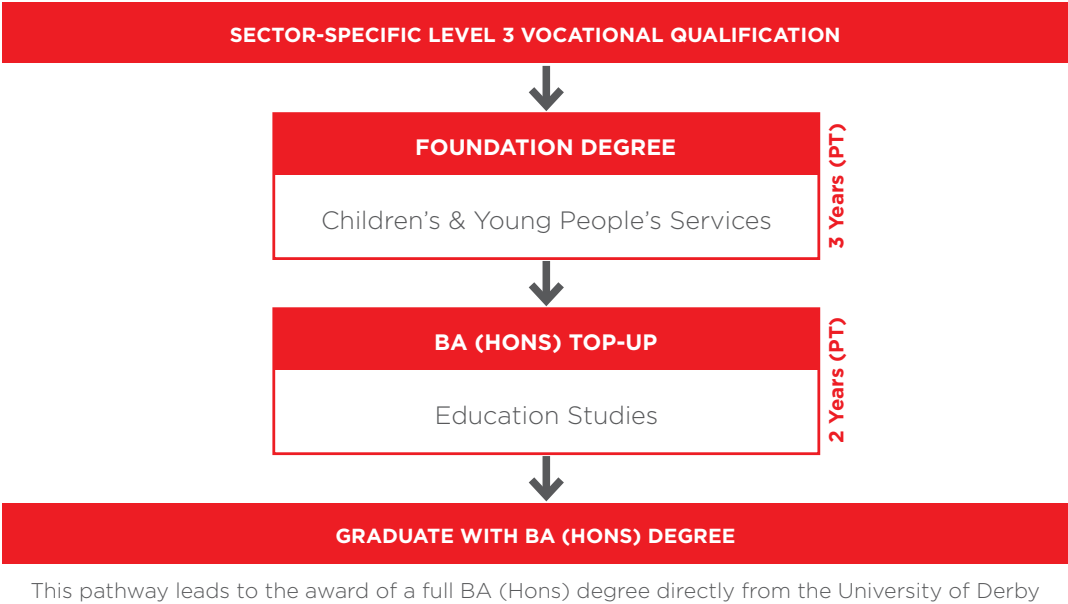

Whilst I have over twenty-three years' experience within the early years sector, I genuinely feel I have learnt more in the time spent at Loughborough College. Analysing the theory behind our practice and studying early years in depth has strengthened my knowledge and supported my business. If it wasn't for the personable but professional tuition I received, I don't think I would have made it.

**Director**  
Daisy Chain Children's  
Nursery

If you're passionate about working with children, our Early Years Education degrees can provide you with the specialist training and hands-on experience necessary for a successful career in this rewarding sector.

## EARLY YEARS EDUCATION DEGREE PATHWAYS

## CAREERS

### SENIOR EARLY YEARS PRACTITIONER

Your duties will include leading the development and education of young children, making sure that they are safe, well cared for, and have opportunities to experience a wide range of stimulating activities.

### PRIMARY SCHOOL TEACHER

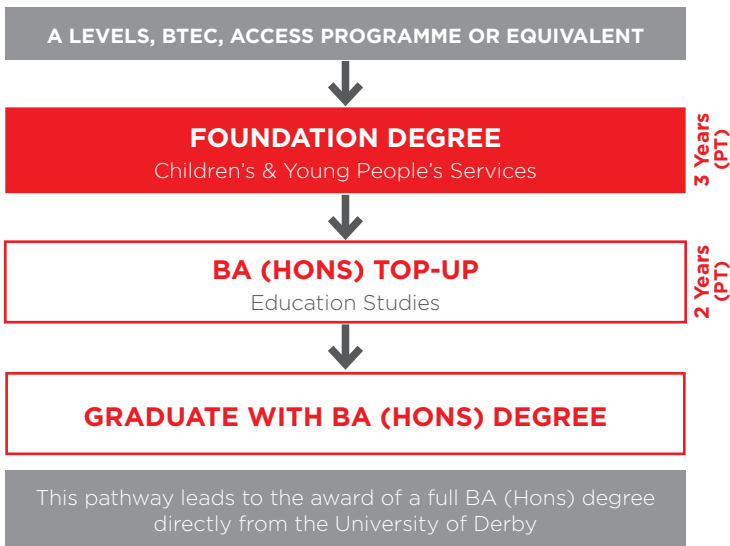

Duties include teaching across all areas of primary education, planning, preparing and delivering lessons that follow the National Curriculum, and monitoring students' learning progress.

### NURSERY MANAGER

With experience, you could progress to area manager, overseeing the work of a number of nurseries, become a training assessor, or move into areas like inspection, early years teaching, children's nursing, or social work.

# FOUNDATION DEGREE CHILDREN'S & YOUNG PEOPLE'S SERVICES

Our Foundation Degree programme aims to equip you with the tools to become a successful practitioner by emphasising the importance of critical reflection and work-based experience. Studied part-time over three years, the Foundation Degree aims to give you a firm grounding in children's and young people's services. For the duration of the course, students must be working for at least 16 hours per week within the sector. This can be paid or voluntary.

- YEAR 1**
- Starting to Study
  - Early Years Provision and Practice OR Supporting Teaching and Learning
  - Work Based Reflective Practice (1)
  - Equality and Diversity
- YEAR 2**
- Integrated Services
  - Children and Young People Communicating
  - Understanding Behaviour
  - Work Based Reflective Practice (2)
- YEAR 3**
- Working with Parents and Carers
  - Research Methods and Practice
  - Children, Young People and Families' Rights
  - Secondary Research
- \*All modules subject to change  
These modules are currently being reviewed. For the most up-to-date list please visit [www.loucoll.ac.uk](http://www.loucoll.ac.uk)

**ABOUT THIS COURSE**

**EARLY YEARS PATHWAY (PART-TIME)**  
The Early Years Pathway is a three-year course aimed at individuals who have a keen interest in early years education and who have at least one year of experience working with children aged 0-5 years. This course is ideal for practitioners wanting to study a Higher Education course whilst actively working in the industry.

**TEACHING ASSISTANT PATHWAY (PART-TIME)**  
This course is designed for experienced teaching assistants who want to develop their professional knowledge and understanding through a combination of theoretical and practical study.

Whichever pathway you choose, this programme will develop you as a confident, knowledgeable and effective practitioner. Your academic study will be reflected in your practical work, and your working environment will be used for projects, activities and

research. With an emphasis on employability and transferable skills, everything that you learn in college will be relevant to your everyday practice, and you will need to identify a work-based critical friend who can support and advise you.

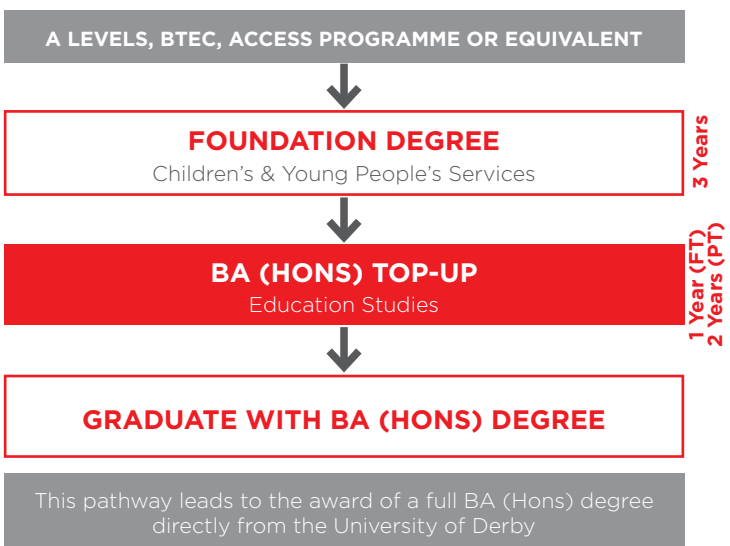

**PROGRESSION OPPORTUNITIES**

Graduates of this course with a pass/40% are automatically considered for progression onto our final-year BA (Hons) Education Studies degree. Other students have completed degrees at university or furthered their careers in the early years and primary sectors.

UCAS Code: **Apply directly to Loughborough College**  
Entry Req: **A relevant Level 3 (or equivalent) qualification.**  
Course Length: **3 Years part-time**

# BA (Hons) TOP-UP EDUCATION STUDIES

This BA (Hons) degree top-up provides an excellent progression route for students who have completed the Foundation Degree in Children's and Young People's Services or equivalent. Studied full or part-time, this course is aimed at individuals who want to develop their existing skills within the field of education. As a University of Derby validated course, you can take advantage of the facilities provided by both Loughborough College and the university.

**ABOUT THIS COURSE**

Providing you with the opportunity to further explore your interests at degree level in the nature, purposes and context of education, this course aims to provide you with the skills and knowledge required to become a fully informed practitioner. Course modules should reflect in your practice and enhance your practical ability through academic study. Your work experience will inform your studies and provide a setting for work-based assignments, activities and research projects. Assessments are conducted throughout the year and will include essays, presentations, portfolios, gallery presentations, role play, video analysis and case study analysis.

**PROGRESSION OPPORTUNITIES**

Upon completion of this course, our graduates have the confidence, skills and expertise to find success in a broad range of sectors, and the opportunities for progression are varied. Recent graduates have gone on to study for Early Years Initial Teacher Training or for a PGCE, as well as the TAQA award in Assessing and Verifying, and the Diploma in Education and Training. Others have gained employment in Further Education colleges as assessors and trainers, opened their own day care nurseries, successfully gained promoted positions within the early years and primary sectors, or managed "Outstanding" early years provisions.

UCAS Code: **Apply directly to Loughborough College**  
Entry Req: **A relevant Level 5 qualification at Merit or Distinction grade.**  
Course Length: **1 Year full-time  
2 Years part-time**

- MODULES**
- Coaching & Mentoring
  - Understanding Behaviour
  - Learning & Motivation
  - Special Educational Needs
  - Independent Research
- \*All modules subject to change

# ENGINEERING

**Jonathan Cripps**  
HND in Mechanical  
Engineering

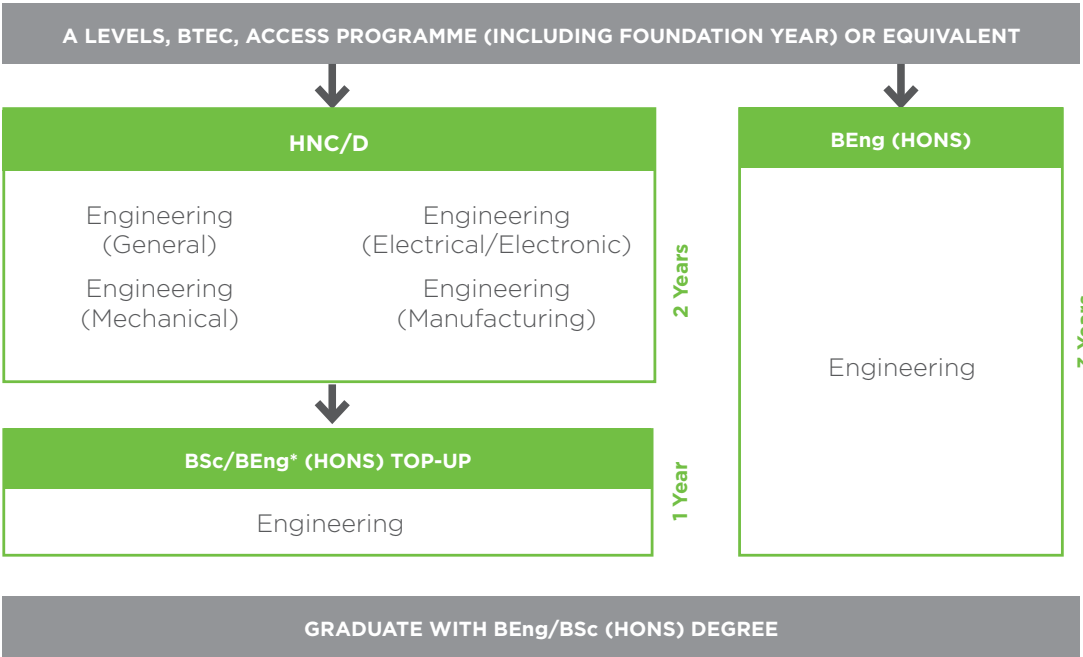

I studied the HND part-time and the flexible nature of the course, coupled with the support provided, meant I was able to study around my professional commitments effectively. Having been out of education for a number of years, the prospect of studying a degree was quite daunting at first, however the staff immediately put my mind at ease. If you want to get a Higher Education qualification in a relaxing but professional environment, Loughborough College is the answer.

The demand for high-level engineers will provide you with the opportunity to work globally with excellent career and salary potential. Our Engineering courses are designed in partnership with employers to ensure our students gain the specialist skills, knowledge and techniques needed to be successful in their chosen career. As a smaller higher education institution, we are able to offer smaller class sizes and greater personalised support and tuition for our students.

## ENGINEERING DEGREE PATHWAYS

Each pathway can lead to the award of a full BEng/BSc (Hons) degree.

\*Subject to validation

**During your Engineering programme, you will have access to high specification laboratories and state-of-the-art equipment, such as:**

- High specification jet engines
- Electronic testing devices including programmable logic controllers (PLCs)
- Laboratory facilities

## CAREERS

### ENGINEERING MAINTENANCE TECHNICIAN

Services and repairs electrical and mechanical equipment used in industries like manufacturing, production and transport. Performs a wide range of tasks from preventative maintenance and servicing to responding to emergency breakdowns.

### ELECTRONIC ENGINEER

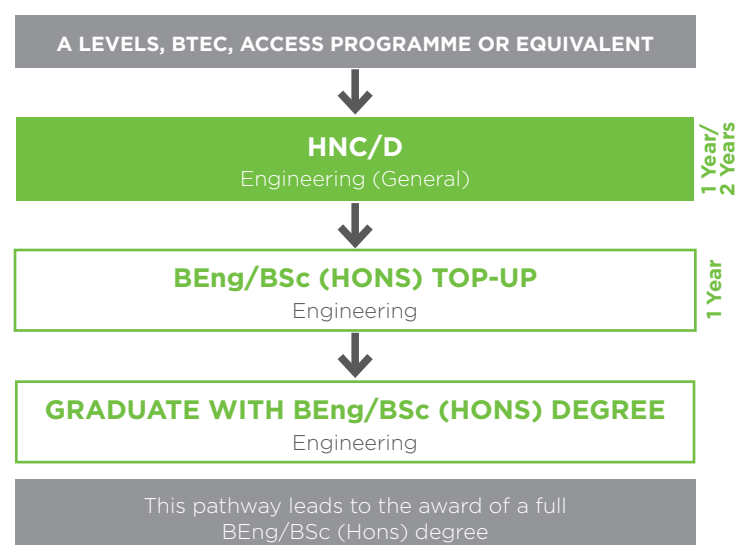

Designs, develops, produces and maintains electrical control systems and components to required specifications as part of a multi-disciplinary team. Works across a broad range of sectors, including the building industry, transport, power and manufacture.

### DESIGN ENGINEER

Design Engineers are involved in the initial concept, design, development and management of projects in a range of sectors such as construction and the built environment, materials, software and vehicles. To succeed you will need strong technical knowledge, as well as problem solving, and project management skills.

# HNC/HND ENGINEERING (GENERAL)

The HNC/D is a well-established and recognised qualification within the engineering industry, and is a vital qualification for those who wish to progress on to a higher-level qualification or more senior positions within the industry. Our HNC/D in Engineering offers you the opportunity to study either full-time or part-time with the aim of progressing on to a full honours degree. It provides you with the specialist knowledge and skills required to work towards a degree in Engineering and a career in the industry.

## HNC

Engineering Design  
Engineering Maths  
Engineering Science  
Managing a Professional Engineering Project  
CAD  
Materials, Properties and Testing

## HND - HNC MODULES PLUS:

Analogue Electronic Systems  
Virtual Engineering  
Advanced Mechanical Principles  
\*All modules subject to change  
This is a selection of the units.  
Full module list available at [www.loucoll.ac.uk](http://www.loucoll.ac.uk)

## ABOUT THIS COURSE

This programme is designed to give you the flexibility and technical capability to be one of the engineers of the future, by exploring the integrated nature of engineering in general. This includes design, manufacture, maintenance, mechanical and electronic and electrical engineering. This knowledge can be applied across a huge range of industries, from food to plastics or pharmaceuticals. You could also work in utilities or even the armed forces.

The HNC/D qualification is widely recognised in its own right and provides students with the skills required for employment in a broad range of industries with either a managerial or technical bias.

This course will equip you with skills and knowledge across a range of core and more specialist units. The course will suit you if you've completed relevant studies at an advanced level (A Level or equivalent) or have relevant industry

experience and want to pursue a career in engineering.

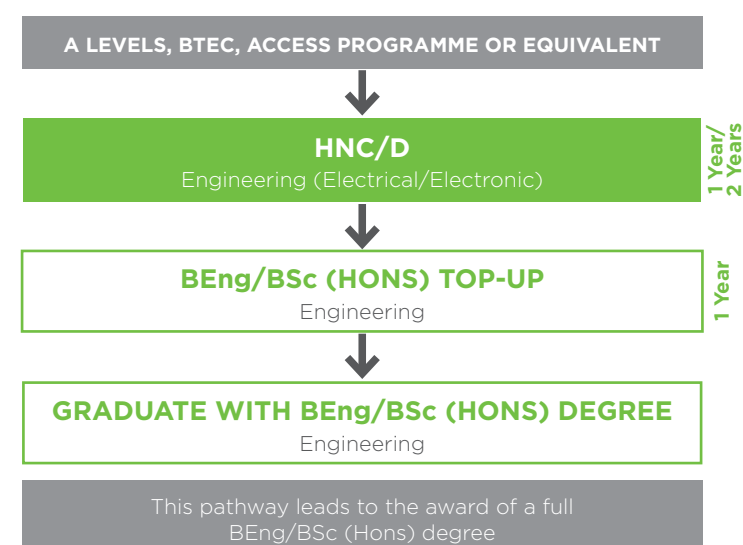

This course has been developed in collaboration with our external partners to ensure that your education is relevant and up-to-date. Emphasising the importance of work-based experience, you will have the opportunity to apply your knowledge to existing companies and gain valuable skills that will inform your future practice.

## PROGRESSION OPPORTUNITIES

This course will enhance your employability and prepare you for the next level in your career. On successful completion of the HNC you can progress to the HND. Once successfully completing the HND you may be eligible to enrol onto a BEng/BSc Top-Up degree.

Awarded by Pearson

# HNC/HND ENGINEERING (ELECTRICAL/ELECTRONIC)

The HNC/D in Engineering is a well-established and recognised qualification within the engineering industry, and is a vital qualification for those who wish to progress on to a higher-level qualification or more senior positions within the sector. Our HNC/D in Electrical/Electronic Engineering allows you to study either full-time or part-time, with the aim of progressing on to a full honours degree. It provides you with the specialist knowledge and skills required to work towards a degree in Electrical Engineering and a career in the industry.

## ABOUT THIS COURSE

The HNC/D in Electrical and Electronic Engineering allows you to work towards meeting the educational requirements of an electrical engineer. During the qualification, you will develop knowledge, understanding and skills in a range of core modules including Electrical and Electronic Principles, Engineering Science, Engineering Maths and Engineering Design. The course has been developed in collaboration with our external partners to ensure that your education is relevant and up-to-date.

Emphasising the importance of work-based experience, you will have the opportunity to apply your knowledge to existing companies and gain valuable skills that will inform your future practice. Your practical skills will be further developed by completing a wide range of practical activities and experiments undertaken during your studies.

Our laboratories include the highest specification test equipment such as multi meters, power supplies, digital storage oscilloscopes, function generators and a spectrum analyser.

If you wish to pursue a career in the electrical industry, this HNC/HND will open up opportunities across a number of sectors, including the electrical contracting industry, aerospace, power, local authorities, the oil, gas and renewables industries.

## PROGRESSION OPPORTUNITIES

This course will enhance your employability and prepare you for the next level in your career. On successful completion of the HNC you can progress to the HND. Once successfully completing the HND you may be eligible to enrol onto a BEng/BSc Top-Up degree.

Awarded by Pearson

**ABOUT THIS COURSE**

Designed to meet the needs of employers in production, manufacturing and engineering management the HNC/HND (Manufacturing) allows students to study manufacturing technology and management of the production/manufacturing process. During the qualification you will develop knowledge, understanding and skills in a range of core modules including, Production Engineering for Manufacturing Principles, Engineering Science, Engineering Maths and Engineering Design.

Students will also become adept in the use of CAD software to produce engineering drawings that are suitable for conversion to solid models. Students will also study the types of system available and their capabilities in terms of the rapid introduction of products to a competitive marketplace.

Emphasising the importance of work-based experience, you will

have the opportunity to apply your knowledge to existing companies and gain valuable skills that will inform your future practice.

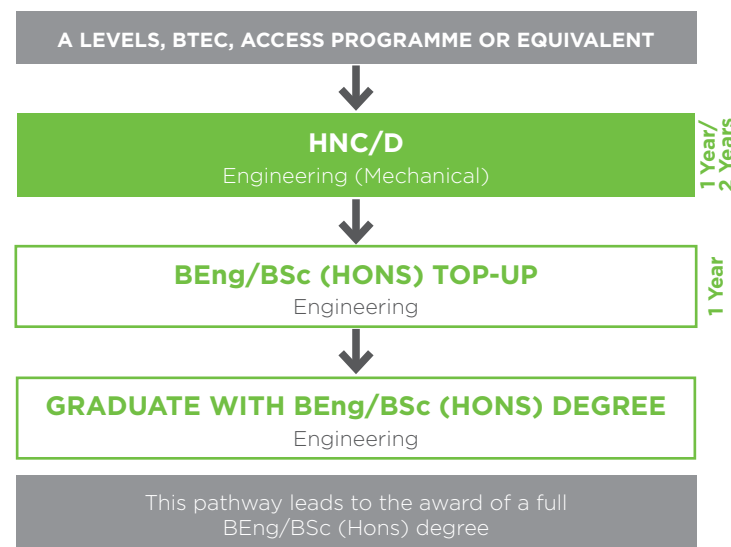

## PROGRESSION OPPORTUNITIES

This course will enhance your employability and prepare you for the next level in your career. On successful completion of the HNC you can progress to the HND. Once successfully completing the HND you may be eligible to enrol onto a BEng/BSc Top-Up degree.

Awarded by **Pearson**

# HNC/HND ENGINEERING (MECHANICAL)

The HNC/D is a well-established and recognised qualification within the engineering industry, and is a vital qualification for those who wish to progress on to a higher-level qualification or more senior positions within the industry. Our HNC/D in Mechanical Engineering offers you the opportunity to study either full-time or part-time with the aim of progressing on to a full honours degree. It provides you with the specialist knowledge and skills required to work towards a degree in Mechanical Engineering and a career in the industry.

**ABOUT THIS COURSE**

The HNC/HND in Mechanical Engineering gives you opportunities to learn and understand the core principles and technologies that underpin Mechanical Engineering. The course provides an essential platform for tackling many mechanical tasks and developing a more in-depth knowledge of Mechanical Engineering.

Designed to meet the needs of employers in Mechanical Engineering and Management, the HNC/HND is intended to give students the opportunity to develop sound practical mechanical investigation, construction, testing and project skills.

The course content is directly relevant to the profession, enabling students to make an immediate or on-going difference in employment.

The HNC/HND will equip you with the skills required to seek employment in a wide range of manufacturing, service and

public sector organisations. You will also develop your skills in planning, scheduling, investigation, construction, testing, evaluating and reporting.

## PROGRESSION OPPORTUNITIES

This course will enhance your employability and prepare you for the next level in your career. On successful completion of the HNC you can progress to the HND. Once successfully completing the HND you may be eligible to enrol onto a BEng/BSc Top-Up degree.

# COMING SOON

**We are planning to offer a**

**BEng/BSc (Hons) Top-Up** in 2019/20  
and a full **BEng/BSc (Hons) degree** from 2020/21  
(subject to validation)

## NEED TO STUDY A PARTICULAR MODULE OR SPECIALISM?

**We also offer the option to study individual modules from our HNC/HND courses.**

This can be done to enhance your specialist knowledge or for continued professional development in a chosen area.

Study duration and module cost will vary by module.

To find out more please contact  
**[undergradadmissions@loucoll.ac.uk](mailto:undergradadmissions@loucoll.ac.uk)**

### **BEng/BSc (HONS) ENGINEERING TOP-UP**

This course will offer you the opportunity to study either full-time or part-time with the aim of converting your existing Foundation Degree or HND into a full BEng/BSc (Hons) Degree.

### **BEng/BSc (HONS) ENGINEERING**

With the opportunity to study full or part-time the BEng/BSc (Hons) Engineering equips students with the knowledge and skills needed to work in the fast-paced Engineering sector.

**These courses will enhance employability and prepare students for the next step in their career. On successful completion some students may choose to continue their studies by progressing on to a MEng.**

Visit **[www.loucoll.ac.uk](http://www.loucoll.ac.uk)** or contact **[undergradadmissions@loucoll.ac.uk](mailto:undergradadmissions@loucoll.ac.uk)** for the most up-to-date information on these courses.

# MANAGEMENT

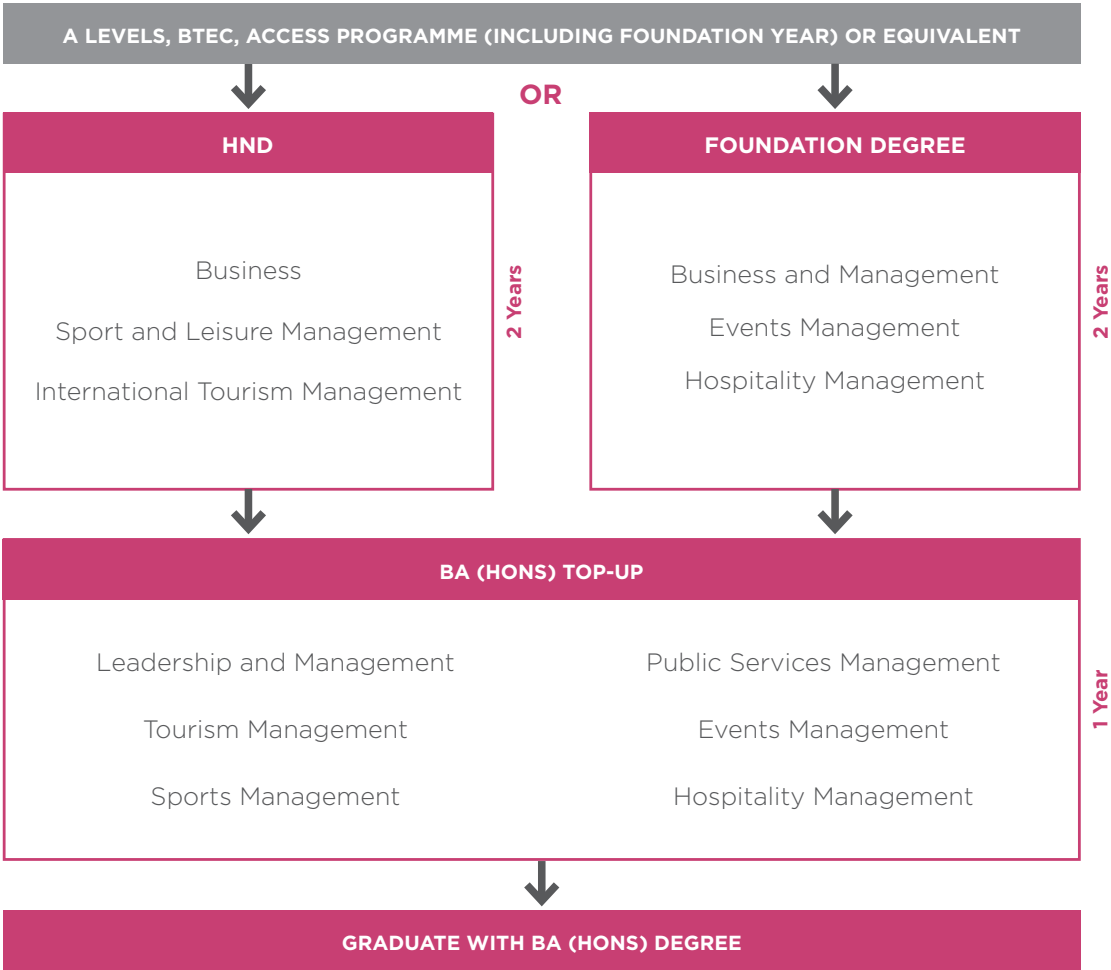

**Rebecca Terkowski**  
BA (Hons) Tourism  
Management (Top-Up)

“ Studying the Tourism Management Top-Up Degree at Loughborough College has been one of the best decisions I have made throughout my academic journey. The lecturers are experts in their fields and enabled me to progress and achieve my degree to a high standard and this has further enabled me to go on and study my Masters in Air Transport Management. Furthermore, the support that students receive at Loughborough College cannot be praised enough. The lecturers made time for meetings to go through work and provided feedback that enabled me to develop my skills so that I would be prepared for the next stage of my academic studies.

Our Higher Education courses prepare you for supervisory and managerial careers across a range of sectors. Developed in partnership with Nottingham Trent University, Pearson and leading businesses, our Business & Management qualifications give you the valuable hands-on experience that employers are looking for.

## MANAGEMENT DEGREE PATHWAYS

Each pathway leads to the award of a full BA (Hons) degree directly from the awarding institution

## CAREERS

### BUSINESS ADVISOR

Offer advice and support to help new businesses to start up and established businesses to grow. Excellent spoken and written communication skills are a key part of being a business advisor.

### CUSTOMER SERVICE MANAGER

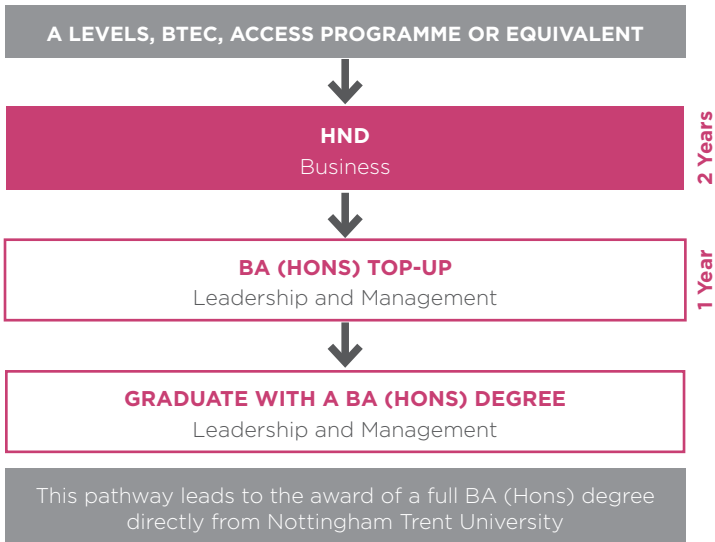

Plan, organise and co-ordinate resources necessary for receiving and dealing with the responses, complaints or further requirements of customers, alongside supervising customer service occupations.

### MARKETING MANAGER

Marketing managers find ways of promoting products, services or brands. This role requires you to stay up to date with new technologies and effective ways of communicating ideas.

# HND BUSINESS

This two-year, full-time course aims to provide you with a broad range of management skills relating to a variety of industries. With strong links to industry professionals, this HND offers you the opportunity to gain a firm comprehension of the practical management skills needed to work within industry and will allow you to enhance your existing knowledge and expertise.

### YEAR 1

- Business and the Business Environment
- Entrepreneurship and Small Business Management
- Management and Operations
- Business Law
- Marketing Essentials
- Managing a Successful Business Project
- Management Accounting
- Human Resource Management

### YEAR 2

- Research Project
- Pitching and Negotiation Skills
- Business Strategy
- International Marketing
- Research Project
- Organisational Behaviour
- Taxation
- Developing Individuals, Teams and Organisations

\*All modules subject to change

### ABOUT THIS COURSE

The HND in Business and Management combines theoretical study with practical experience, providing you with an understanding of the key areas of industry practice. The course will also develop you as a fully rounded practitioner and professional within your respective field by studying various modules, including:

- Entrepreneurship and Small Business Management
- Human Resource Management
- The Principles of Marketing

You will be taught by specialist managers who have proven experience in various divisions of the business environment. We consistently strive to provide advanced training that is relevant and, therefore, we regularly update this learning programme to reflect the changing issues and practices within industry.

### PROGRESSION OPPORTUNITIES

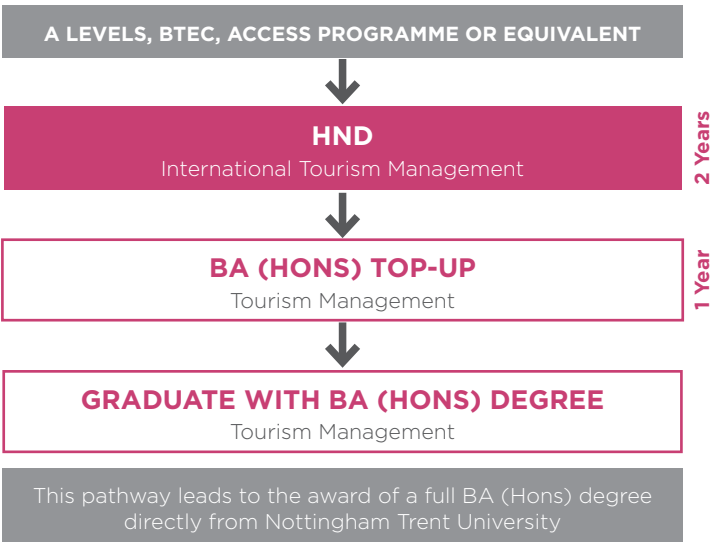

This HND enables you to progress on to a BA (Hons) Leadership and Management (Top-Up) Degree at Loughborough College. Our HND also provides you with the skills needed to embark on a career within a variety of exciting industries.

UCAS Code: **292N**  
Entry Req: **Minimum of 32 UCAS points**  
Course Length: **2 Years full-time**  
Part-time study options available

# HND INTERNATIONAL TOURISM MANAGEMENT

This exciting course provides individuals with the opportunity to develop valuable skills and to gain an understanding of the business practices employed within the tourism industry. Whether you aspire to work in the UK, abroad or both, this full-time programme aims to ensure that you receive the relevant training to start a successful career within the various divisions of this dynamic sector.

### ABOUT THIS COURSE

With the intention of developing you as a fully informed practitioner, this HND course seeks to enhance your managerial abilities and refine your interpersonal skills. This programme is ideal for those who are working towards a career within tour operations, attraction management, or airline services. Through a combination of theoretical study and practical work experience, you will have access to a range of module topics in areas such as:

- Global Sustainable Tourism
- The Contemporary Travel and Tourism Industry
- Global Tourism Destinations

Designed to emphasise the importance of employability, this course also offers you the opportunity to apply your industry knowledge to existing travel-related companies.

### PROGRESSION OPPORTUNITIES

Many of our students choose to enrol on final-year degree programmes at Loughborough College in related areas, such as our BA (Hons) Tourism Management (Top-Up) Degree, with the aim of attaining a full BA (Hons) Degree after 12 months of study. Our graduates have gained employment within the travel and tourism industry in a variety of areas, including destination planning, travel writing, attractions, and agency supervision.

UCAS Code: **018N**  
Entry Req: **Minimum of 32 UCAS points**  
Course Length: **2 Years full-time**  
Part-time study options available

### YEAR 1

- The Contemporary Travel and Tourism Industry
- Managing Customer Experience
- Professional Identity and Practice
- The Travel and Tourism Business Tool Kit
- Leadership and Management for Service Industries
- Tour Operations Management
- Global Tourism Destinations

# MUSIC

**Jordan Eagles**  
Foundation Degree  
Creative Music Production

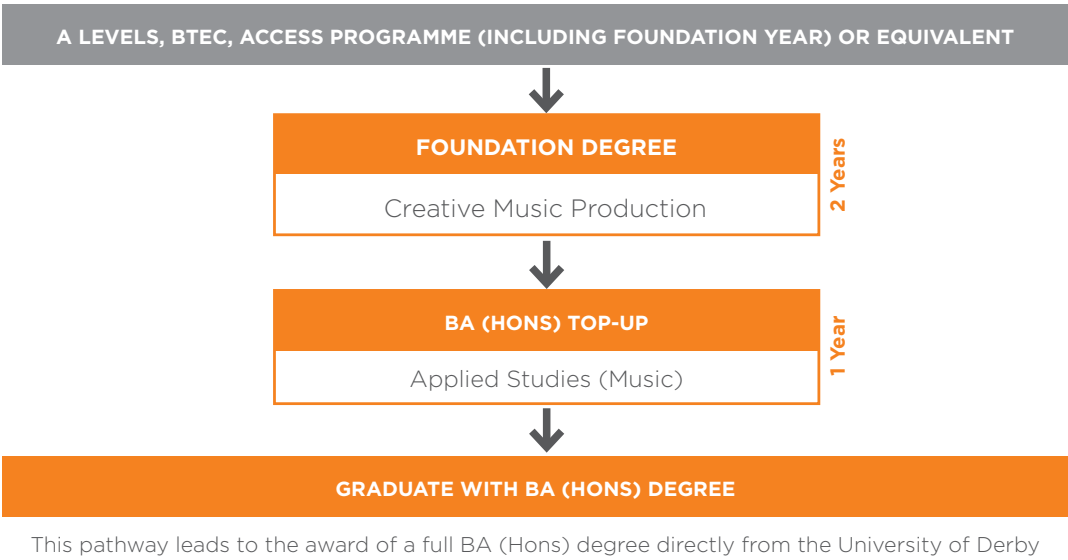

Loughborough College is a fantastic environment for me to learn the theory and the practical side of music. I've been given so many opportunities – and the brand new facilities are the best I've seen at a college or even a university.

Our versatile degree programme in Music enables you to develop the full range of skills required by an innovative and demanding music industry, in established state-of-the-art facilities.

## MUSIC DEGREE PATHWAYS

### During your Music degree, take advantage of industry-standard equipment and facilities in our £15-million Arts Academy and Hub, including:

- Recording studios – a suite of spacious, interconnected recording rooms, and Audient and TL Audio mixing consoles
- Performance venues – 200+ seat theatre and showcase room
- Quality valve guitar amplifiers – Marshall, Fender, Vox and Orange
- Mac suites – with software including Pro Tools, Logic Pro X and Ableton Live
- Computer Suites – including dedicated study areas for students on degree programmes

## CAREERS

# FOUNDATION DEGREE CREATIVE MUSIC PRODUCTION

This course has been designed to develop your proficiency as a musician whilst simultaneously growing transferable skills, cultivating a range of career options both within the music industry and beyond. This Foundation Degree forms the first two years of a degree programme, and can then be topped up with our BA (Hons) Applied Studies (Music) Top-Up to give you a full Music BA (Hons) qualification.

- YEAR 1**
  - Concert Production
  - Enterprise in the Creative Industries
  - Live Performance
  - Music Sequencing with Sound Synthesis
  - Music Theory and Composition
  - Studio Recording Project
- YEAR 2**
  - Computer Based Performance
  - Creative Project
  - Music and Culture
  - Personal and Professional Development
  - Production and Distribution of Creative Content
  - Work Based Learning

*\*All modules subject to change*

**ABOUT THIS COURSE**

This degree programme will provide you with experiences such as managing stages and participating in an Arts Council-funded multiagency partnership arts project. You will also be supported in completing a work placement with regional industry partners. In addition to your regular lectures and seminars with our faculty of experienced professionals and academics, you will receive masterclasses from visiting industry experts.

Year one of the programme comprises areas of study which provide grounding in a number of fundamental areas, including performance, composition, recording and business acumen. The second year allows students to contextualise and apply these skills in vocational scenarios, including the opportunity to produce and market a professional release, and an industry-based work placement. Successful graduates of year two will have achieved a Foundation Degree in Arts (Creative Music

Production) and have the opportunity to continue their studies for a third year under the BA (Hons) programme.

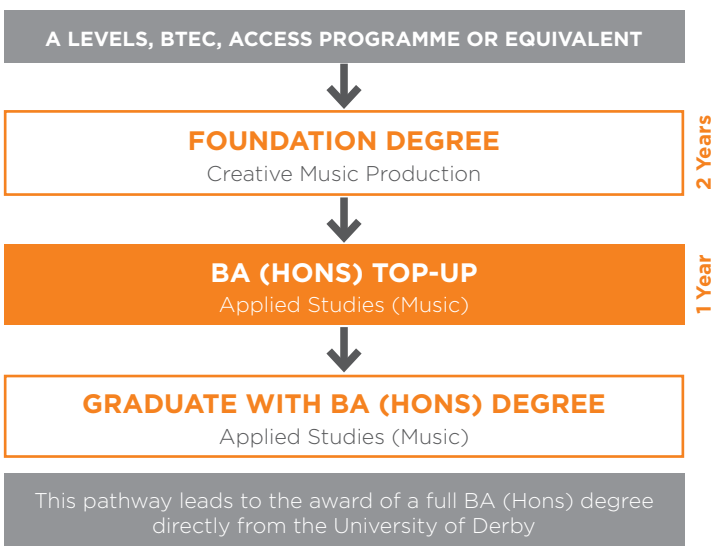

**PROGRESSION OPPORTUNITIES**

Most students who complete this programme choose to go on to complete our Music top-up course, converting their initial Foundation Degree into a full Honours Degree. Others enter into the music industry, armed with relevant skills and experience.

UCAS Code: **W374**  
 Entry Req: **64 UCAS points**  
**Satisfactory musical ability to be assessed at audition**  
 Course Length: **2 Years full-time**  
**Part-time study options available**

# BA (HONS) TOP-UP APPLIED STUDIES (MUSIC)

The BA (Hons) Applied Studies (Music) Top-Up is designed to convert your existing Foundation Degree into a full Music Honours Degree. The overall degree course will develop your proficiency as a musician whilst simultaneously growing transferable skills, cultivating a range of career options both within the music industry and beyond.

**ABOUT THIS COURSE**

This one-year top-up degree, constituting year three of the Music degree programme, is designed to allow you the opportunity to explore and perfect your specialisms, and to demonstrate your skills as an industry professional. The five specially constructed modules allow the necessary freedom for students to pursue a personalised area of focus, whilst providing a structured and rigorous approach. Broader topics of self-directed modules include an extended applied project representing the culmination of three years of study, academic research practice, advanced and professional recording and production, exploration of innovative musical practices, and a collaborative musical performance. Successful graduates of this one-year top-up course receive a full Bachelor of Arts Degree with Honours.

**PROGRESSION OPPORTUNITIES**

Students of this programme have toured globally, released records, been commissioned to produce music for theatre productions, and found work with artist management and promotion agencies.

UCAS Code: **W645**  
 Entry Req: **Completion of Foundation Degree or equivalent level of study (Level 5).**  
**Satisfactory musical ability to be assessed at audition**  
 Course Length: **2 Years full-time**  
**Part-time study options available**

- YEAR 1**
  - Applied Practice
  - Live Performance
  - Recording Project
  - Applied Research
  - Innovation Music

*\*All modules subject to change*

# PUBLIC SERVICES

**Johnathan Murray**  
BA (Hons) Public Services  
Management (Top-Up)

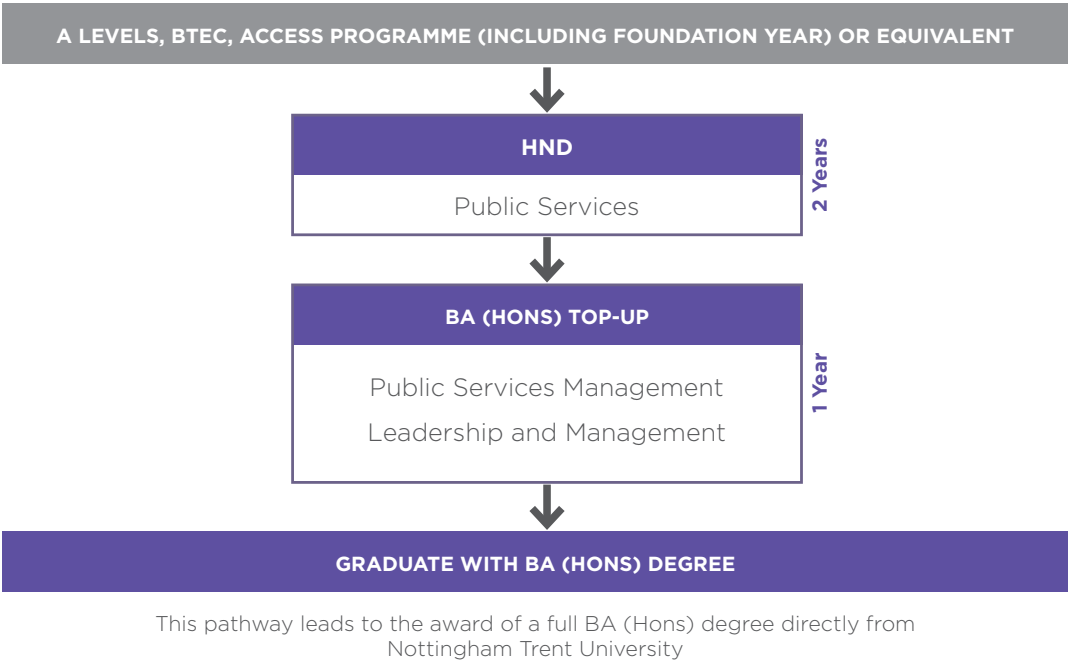

“As a mature student, the thought of attending a classroom environment again after 26 years was terrifying, especially as I would have left school before my peers were even born. But I’ve got to say it’s the best decision I have ever made and the transition of moving from a very stressful job to be a student was made so much easier than expected by the college staff.

The lecturers give you their 100% commitment and support from before the enrolment day and they are on hand to help from start to finish. I would personally advise anybody who is looking at undertaking a degree level qualification to seriously consider education at Loughborough College.

Our courses will develop your confidence, resilience, and technical skill to ensure that you’re ready for working life in the public services sector. A variety of guest speakers, trips and work experience opportunities enable you to expand your professional network and kick-start your career in this rewarding sector.

## CAREERS

### SOLDIER

Maintains a high degree of military effectiveness, ready to manage crises and combat operations and generally keep the peace. Willing to defend the UK and its territories.

### POLICE OFFICER

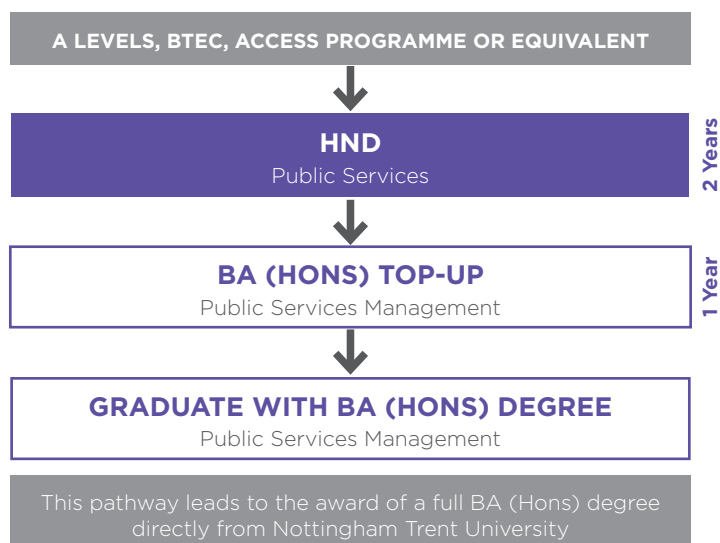

A police officer works within the community, providing a visible presence to deter crime and conducting patrols on foot or by car. The role involves responding to calls and requests from the public to assist at incidents, conducting arrests, attending and giving evidence at court hearings, and administrative tasks.

### FIREFIGHTER

Provides an emergency service responding to fires, accidents, rescues and other incidents which pose a risk to life and property. The role also involves promoting fire safety via talks, advice and training sessions, as well as inspecting and enforcing safety standards in commercial and residential properties.

# HND PUBLIC SERVICES

Developed in collaboration with industry professionals, this two-year course is designed for individuals who are interested in pursuing a career in public services. This full-time course will prepare you for a diverse range of career opportunities, including professions within the Armed Forces, Police, Fire, Prison, and NHS Ambulance Services, as well as the Civil Service and Crown Prosecution Service.

## YEAR 1

Organisational structures and Culture  
Mental Health and Wellbeing  
Equality, Diversity and Fair Treatment  
Public Services in Contemporary Society  
Terrorism and Counter Terrorism  
Law and Legal Systems  
Responding to Emergencies  
Care and Custody

## YEAR 2

Research Project  
Reflective Professional Practice  
International Institutions and Global Affairs  
Justice, Punishment and Rehabilitation  
Understanding and Leading Change  
International Policing  
Contemporary Sociological Issues  
\*All modules subject to change

## ABOUT THIS COURSE

The HND in Public Services will provide you with a firm grounding in the key concepts of management and leadership. Comprising a range of modules, you will gain an understanding of the governmental, sociological and psychological aspects of a career in public services, and how they relate to professional practice. Providing the foundations for further study or employment, this HND offers you the opportunity to gain valuable knowledge and related skills through a combination of theoretical study and practical experience.

## PROGRESSION OPPORTUNITIES

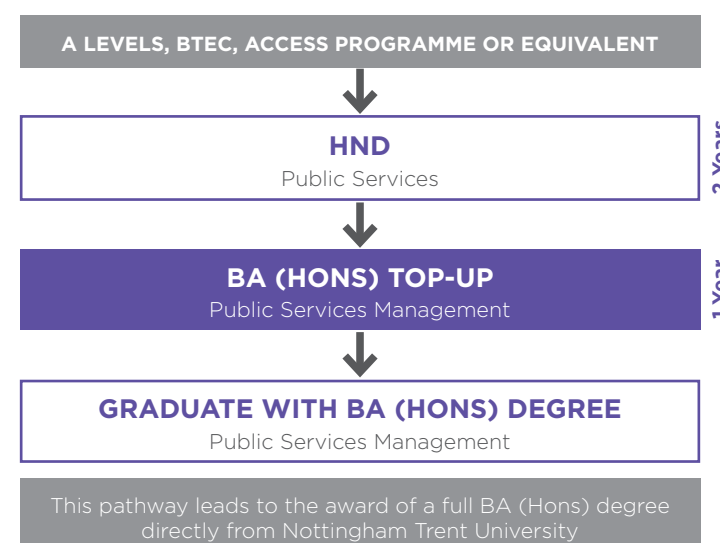

Career progression can be rapid for those with the relevant qualifications and, upon completion of this course, you will have the necessary skills to enter various divisions of the public services. There is the potential to gain rewarding employment posts within the Armed Forces, Police, Fire, Prison, and NHS Ambulance Services, as well as the Civil Service and Crown Prosecution Service, to name a few. Past graduates have also progressed onto final-year BA (Hons) Public Services Management degree programmes at Loughborough College.

UCAS Code: **L435**  
Entry Req: **Minimum of 32 UCAS points**  
Course Length: **2 Years full-time**  
**Part-time study options available**

# BA (HONS) TOP-UP PUBLIC SERVICES MANAGEMENT

Enabling you to work at managerial level within the industry, this one-year, full-time top-up course provides you with an in-depth understanding of the applied processes implemented within public services professions. Seeking to enhance your practice to supervisory standard, you will gain the essential skills and critical techniques necessary for future employment.

## ABOUT THIS COURSE

Our BA (Hons) Public Services Management (Top-Up) degree is designed to provide you with the necessary theoretical knowledge and practical ability to accelerate your progression towards supervisory level. Converting your existing HND or Foundation Degree into a full BA (Hons), this course seeks to enhance your abilities and broaden your understanding of industry processes. Studying various modules, including Strategic Management, Disaster Management, and Public Relations, you will acquire a firm grounding in the concepts of public service management and its position within the modern workplace. This course places considerable emphasis on work-based opportunities and allows you to apply your academic knowledge to practical tasks.

## PROGRESSION OPPORTUNITIES

As a graduate, opportunities for employment include careers within the Civil Service, Fire, Ambulance, and HM Prison Services, as well as the Probation and Police Services, and Local and National Government. You may, however, wish to continue with your studies and progress on to postgraduate study at master's level.

UCAS Code: **LN42**  
Entry Req: **Successful completion of an HND or Foundation Degree**  
Course Length: **1 Year full-time**  
**Part-time study options available**

## YEAR 1

Research Proposal  
Dissertation  
Strategic Management  
Disaster Planning & Management  
Social Psychology in the Public Services  
Marketing Communications  
\*All modules subject to change

# SPORT

**Emily Rodbourne**  
BSc (Hons)  
Sports Coaching

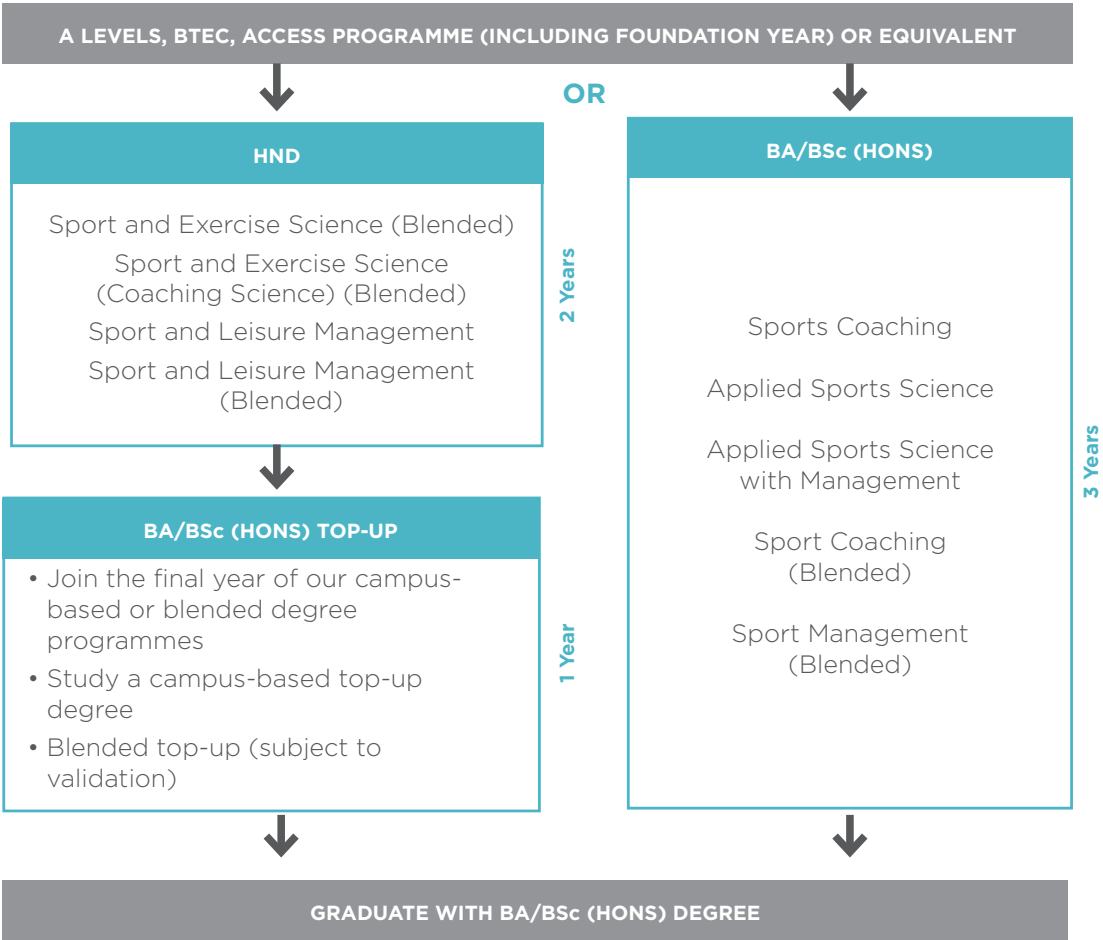

Studying at Loughborough College has offered me a route into Higher Education but also countless additional opportunities to gain coaching qualifications, work experience and develop my employability skills. I studied sports coaching with the aim of becoming a PE teacher and during my teacher training I have recognised how well the degree programme at the college prepared me for it. The 1:1 support, additional opportunities and the passion of the lecturers inspired me to pursue my career in teaching, and studying at the college was the best choice I've made.

Campus-based students studying our Sport degrees have access to a range of world-class facilities, including specialist sports halls, rubber crumb pitches, fitness suites, dance and spin studios, and physiology labs. Students are eligible to compete in BUCS competitions for their awarding institution and are full members of Loughborough Students' Union.

## SPORT DEGREE PATHWAYS

Each pathway leads to the award of a full BA/BSc (Hons) degree validated by the awarding institution

## CAREERS

### SPORTS COACH

Help people participating in sporting activities to work towards achieving their full potential. May work with schools, young people, local sports teams, or professional teams and athletes.

### SPORTS DEVELOPMENT OFFICER

Encourage all people to participate in sport and lead a healthy lifestyle. May also arrange funding for facilities and equipment or manage community sporting events.

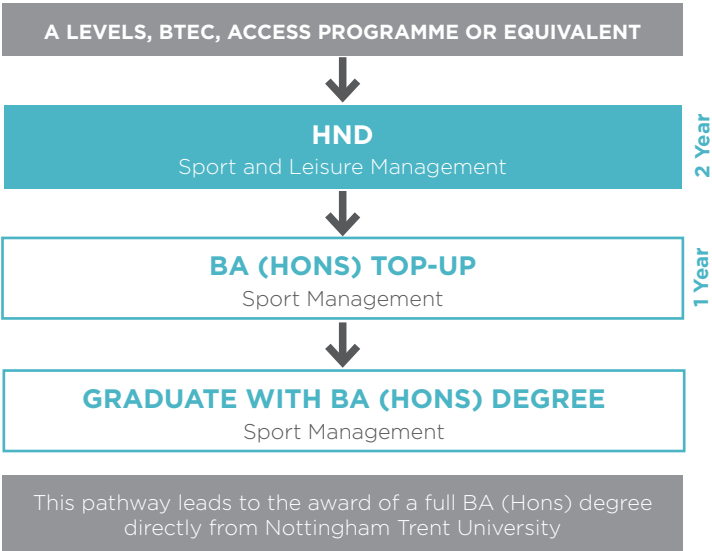

### SPORT AND EXERCISE SCIENTIST

Improve the performance of elite athletes through physiology, sport psychology, nutrition, or sports analysis.

# HND

## SPORT AND LEISURE MANAGEMENT

This two-year, full-time course aims to provide you with a broad range of management skills relating specifically to the sport and leisure industry. With strong links to industry professionals, this HND offers you the opportunity to gain a firm comprehension of the practical skills needed to work within the sport and leisure industry and will allow you to enhance your existing knowledge and expertise.

YEAR 1
Physical Activity, Lifestyle and Health
The Sport Landscape
Project Management
Sport Marketing
Operation Management and Leadership
Inclusive Sport
Work Exposure
Anatomy and Physiology
YEAR 2
Research Project
Entrepreneurism in Sport
Leisure management and Leadership
Event management
Sport, Health and Society
Advance Coaching
Managing a sport programme
*All modules subject to change

**ABOUT THIS COURSE**

The HND in Sport and Leisure Management combines theoretical study with practical experience, providing you with an understanding of the key areas of industry practice. The course will develop you as a fully rounded practitioner and professional within your respective field by studying various modules, including:

- Physical Activity, Lifestyle and Health
- Sport, Health and Society
- Sports Marketing

You will be taught by specialist managers who have proven experience in various divisions within the sport and leisure industry. We consistently strive to provide advanced training that is relevant and, therefore, we regularly update this learning programme to reflect the changing issues and practices within the sport and leisure industry

**PROGRESSION OPPORTUNITIES**

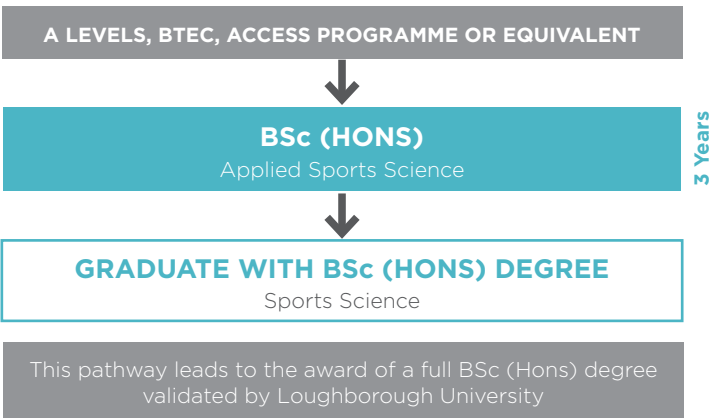

This HND enables you to progress on to a BA (Hons) Sports Management (Top-Up) Degree at Loughborough College. Our HND also provides you with the skills needed to embark on a career within this exciting sector.

Awarded by

UCAS Code: **222N**  
Entry Req: **Minimum of 32 UCAS points**  
Course Length: **2 Years full-time**  
**Part-time study options available**

# BSC (HONS)

## APPLIED SPORTS SCIENCE

This programme enables the multidisciplinary study of sport and exercise science at a higher level. You will gain a scientific understanding of core principles in human physiology, psychology and biomechanics, for the purposes of supporting elite sporting performance, as well as developing an understanding of the sociological underpinning of sport. You will have the opportunity to study in all major disciplines of sports science, as well as an introduction to research and laboratory skills, and a research project in your final year.

**ABOUT THIS COURSE**

Your learning will include lectures, seminars, online activities, workshops, practical tasks, laboratory skills, peer-group learning and independent study.

Our subject specialist staff will deliver highly engaging and interactive, practical and theory sessions in line with their personal expertise and research activities.

Attention is paid to developing generic learning and academic skills required for success in higher education, particularly encouraging you to become an independent and self-motivated learner in order to maximise your full potential. Regular group work and research are key features, where you will gain communication, teamwork, critical thinking and analytical skills to enhance your transition into employment or postgraduate studies.

Assessments include a range of exams, essays, projects, practicals, presentations

and reports. Such diversity allows you to experience and refine various academic and professional skills. An Academic Tutor will work with you throughout the duration of your programme, supporting your development and academic progress.

**PROGRESSION OPPORTUNITIES**

Following completion of this course, many students have gone on to apply for PGCE or teacher training programmes, or to study at master's (MSc/MA) level. Others gain employment within professional sport.

Awarded by

UCAS Code: **C604**  
Entry Req: **96 UCAS points**  
**GCSE or equivalent English Language and maths, grade 4/C or above**  
Course Length: **3 Years full-time**

## ABOUT THIS COURSE

Coaching practice constitutes a large proportion of this programme, providing you with the opportunity to gain feedback from experienced, professional coaches. You will also be required to conduct your own dissertation, allowing you to explore a particular area of personal interest in the coaching field.

The course uses a range of learning strategies, including lectures, seminars, practical sessions, workshops, online activities and peer-group learning. You are also encouraged to become an independent, self-motivated learner.

Assessments include exams, essays, projects, presentations and reports. Such diversity allows you to refine various academic and professional skills to prepare for your next steps. An Academic Tutor will work with you throughout the duration of your programme, supporting your development and tracking your academic

progress to ensure that you maximise your potential.

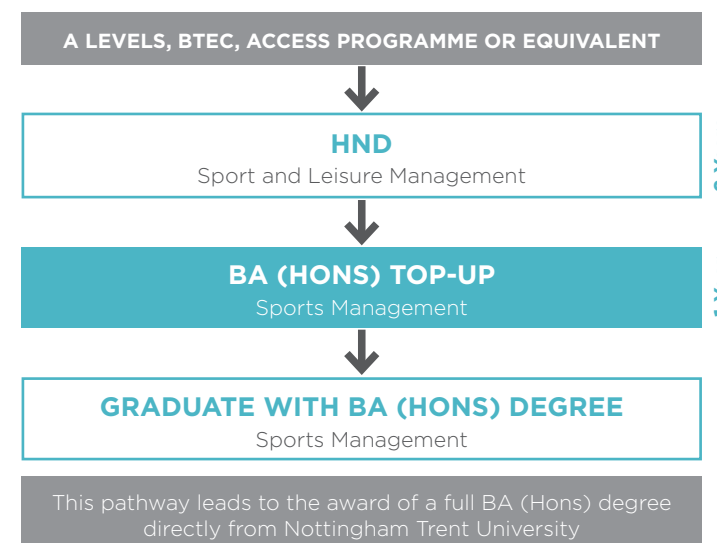

## PROGRESSION OPPORTUNITIES

Following completion of this course, many students apply for PGCE or teacher training programmes, or to study at master's (MSc/MA) level. Others have gained employment at professional clubs, in international coaching or National Governing Body programmes.

UCAS Code: **C617**  
Entry Req: **96 UCAS points**

# BA (HONS) TOP-UP SPORT MANAGEMENT

The BA (Hons) in Sport Management is a one-year Top-Up Degree programme which has been designed to give you a theoretical and practical experience of the fast-growing sport industry. The modules on this course will provide you with the skills and experiences necessary for a successful career within the Sport industry. This programme will allow you to enhance your current knowledge and skills in order to develop as an informed sport management specialist.

## ABOUT THIS COURSE

Converting your existing HND or Foundation Degree into a full BA (Hons), this course seeks to enhance your abilities and broaden your understanding of industry processes. Your learning will include lectures, seminars, guest speakers, conferences, practical tasks at events, trips, peer-group learning and independent study. The programme provides you with an opportunity to study modules such as:

- Strategic Management
- Sports Development
- International Development of Sport as a Business
- Global Sports Marketing

Your academic and course tutor will work with you throughout the duration of your programme, supporting your development and tracking your academic progress, to ensure that you achieve your best.

## PROGRESSION OPPORTUNITIES

Sport provides wide career opportunities. Successful graduates gain rewarding employment in environments such as sports development, sports coaching, sporting governing bodies, the health and fitness sector, and the sporting events industry. Employment opportunities also exist in areas such as sales and marketing, personal training, and sports promotion. Achievement of this degree qualification also provides you with the platform for postgraduate study.

**We are planning to offer**

## **BSc (Hons) Sports Therapy** in 2019/20

We are currently developing this degree with partner universities and industry experts.

Sports Therapy focuses on the prevention, assessment, treatment and rehabilitation of sporting injuries. It is a vital aspect of the prevention of injuries and the functional return to sport from initial injury, for recreational, amateur and elite athletes. Sports Therapy is both an academic and practical based subject, which is underpinned by sports science disciplines and will equip you with the skills to prevent, assess and rehabilitate sports injuries effectively.

Visit [www.loucoll.ac.uk](http://www.loucoll.ac.uk) or contact [undergradadmissions@loucoll.ac.uk](mailto:undergradadmissions@loucoll.ac.uk) for the most up-to-date information on this course.

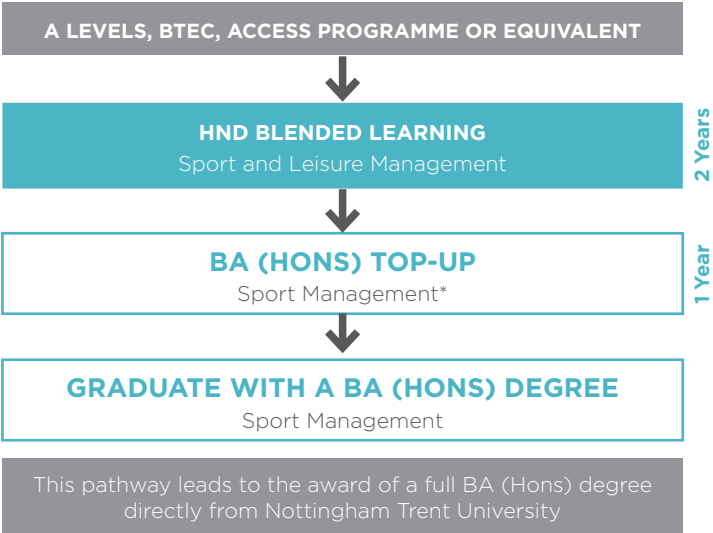

# BLENDED LEARNING SPORT COURSES

- Our blended programmes provide the perfect combination of online/distance learning and contact day attendance, which is ideal for those balancing studies alongside other professional, personal or sporting commitments. Key features of these programmes include:

  - Full BA/BSc degrees awarded by Nottingham Trent University (THE University of the Year 2017).
  - Membership of Loughborough Students' Union.
  - Interactive online resources and webinars to support learning.
  - Contact days scheduled throughout the year to allow you to put theory into practice.
  - A supportive environment, with regular contact from staff to ensure you remain on track to reach your goals.

# HND (BLENDED LEARNING) SPORT AND LEISURE MANAGEMENT

This two-year full-time blended learning course aims to provide you with a broad range of management skills relating specifically to the sport and leisure industry. With strong links to industry professionals, this HND offers you the opportunity to gain a firm comprehension of the practical skills needed to work within the sport and leisure industry and will allow you to enhance your existing knowledge and expertise.

## ABOUT THIS COURSE

The HND in Sport and Leisure Management combines theoretical study with practical experience, providing you with an understanding of the key areas of industry practice. Your learning will include online lectures, seminars and activities and independent study. The course will also develop you as a fully rounded practitioner and professional within your respective field by studying various modules, including:

- Physical Activity, Lifestyle and Health
- Sport, Health and Society
- Sports Marketing

You will be taught by specialist managers who have proven experience in various divisions within the sport and leisure industry. We consistently strive to provide advanced training that is relevant and, therefore, we regularly update this learning programme to reflect the changing issues and practices within the sport and leisure industry

**GRADUATE WITH A BA (HONS) DEGREE**

Sport Management

1 Year

This pathway leads to the award of a full BA (Hons) degree  
directly from Nottingham Trent University

## ABOUT THIS COURSE

This one year blended learning BA (Hons) Top-Up Degree programme is specifically designed for middle and senior level managers in the sport industry who have the desire to formalise their professional experience with a degree qualification. Students are normally from the sport industry and have experience of managing and leading people and/or projects within an organisational context. This blended programme enables you to fit your studies around your work life.

## DELIVERY METHOD

Throughout the year you will be required to attend seven delivery days at Loughborough College to ensure you receive the input needed to pass the modules on the programme. The delivery days are also supported through comprehensive online lectures and activities that make this programme flexible

to accommodate individual circumstances.

## PROGRESSION OPPORTUNITIES

Sport provides wide career opportunities. Successful graduates gain rewarding employment in environments such as sports development, sports coaching, sporting governing bodies, the health and fitness sector, and the sporting events industry. Employment opportunities also exist in areas such as sales and marketing, personal training, and sports promotion. Achievement of this degree qualification also provides a platform for postgraduate study and many of our graduates choose to enrol on higher level qualifications such as a Master's Degree or an MBA.

# TEACHER TRAINING

**Gina Harper**

Diploma in Education and Training

The Teacher Training course ensures that you are fully prepared to be a teacher. Each assessment means you cover all the components needed to be an effective teacher; from psychological theory to action research projects to personal support in developing your teaching practice. The course has helped me develop from an inexperienced trainee to a fully-fledged teaching professional.

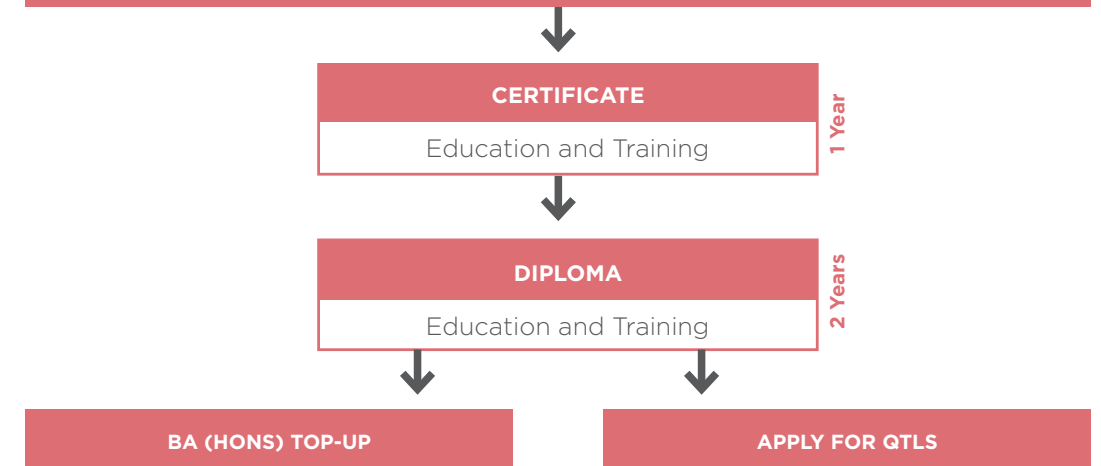

We offer aspiring teachers the opportunity to gain the necessary qualifications for a career in this rewarding sector.

Helping you to build upon your knowledge of the curriculum, our courses allow you to explore educational issues, new innovations, and up-to-date teaching and learning theories, with the aim of applying the main principles to your own subject area.

## TEACHER TRAINING PROGRESSION PATHWAYS

A LEVELS, BTEC, ACCESS PROGRAMME (INCLUDING FOUNDATION YEAR) OR EQUIVALENT

**After successful completion of the Diploma in Education and Training, you may wish to apply for QTLS status.**

Qualified Teacher Learning and Skills (QTLS) is a professional status that you can gain by successfully completing professional formation with the Society for Education and Training (SET). It is a post-qualification process that enables you to demonstrate through professional practice your ability to effectively use the skills and knowledge you acquired during your teacher training, as well as to apply the occupational and professional standards required of a teacher. Benefits of QTLS status include:

- QTLS status is recognised in law as equal to QTS for teaching in schools
- FE trained teachers with QTLS status are able to teach across all subjects and all ages on equalpay and conditions
- Demonstration of your commitment, skills and knowledge to employers, ideal for career progression
- Recognition of your status as a professional teacher or trainer
- Valuable continuing professional development (CPD) that builds confidence and enhances your skills
- Members with QTLS can use these initials as a designation

## CAREERS

### FURTHER EDUCATION LECTURER

Daily tasks include planning, preparing and delivering lessons, marking, monitoring and assessing progress, developing new courses and teaching materials, and keeping records.

### ASSESSOR TRAINERS

You will ensure the timely and accurate delivery of qualifications through training and assessment in line with the company procedures and awarding body requirements. You will be responsible for a caseload of learners and may be required to travel.

### LEARNING MENTOR

As a learning mentor, you could work in schools or colleges and would support students of all abilities to help with issues such as poor attendance, failure to achieve full potential, and behavioural or emotional difficulties.

# CERTIFICATE EDUCATION AND TRAINING

Looking to develop your practical teaching skills? The Certificate in Education and Training (CET) will prepare you for teaching in a wide range of contexts including Further Education colleges, Sixth Forms, Work Based Learning, and Adult and Community Education.

## MODULES

Observation  
Case Study of a Learner  
Action Learning to Support Subject Specialist Pedagogy  
\*All modules subject to change

## ABOUT THIS COURSE

The Certificate in Education and Training is a part-time Level 4 course suitable for you if you want a qualification that focuses on practical teaching or if you are currently teaching and want to have your experience and practice accredited. You need to be teaching, or have a teaching placement to undertake this qualification as there is a requirement for a minimum of 30 hours of practice.

The course will run from October through to May with weekly sessions held during the day or evening to suit your working patterns (days and times to be confirmed at interview). Class duration will be 3–3½ hours including an additional tutorial session to support your professional development plan.

As part of the course you will need to complete a minimum of three teaching observations.

## PROGRESSION OPPORTUNITIES

The Certificate in Education and Training enables you to meet the minimum requirement for those employed as a teacher or trainer in Further Education colleges, Adult Education centres or Work-Based learning. Upon completion of the CET course you can progress onto a bridging course, which will give you the credits required to move on to the Diploma in Education and Training.

UCAS Code: **Apply directly to Loughborough College**

Entry Req: **Subject specific qualification at Level 3 and English and maths at Level 2**

**You must also meet some non-academic requirements, including a Disclosure and Barring Service (DBS) check, have a subject specialist mentor and have a teaching placement or be in a teaching role that provides at least 30 hours of practice**

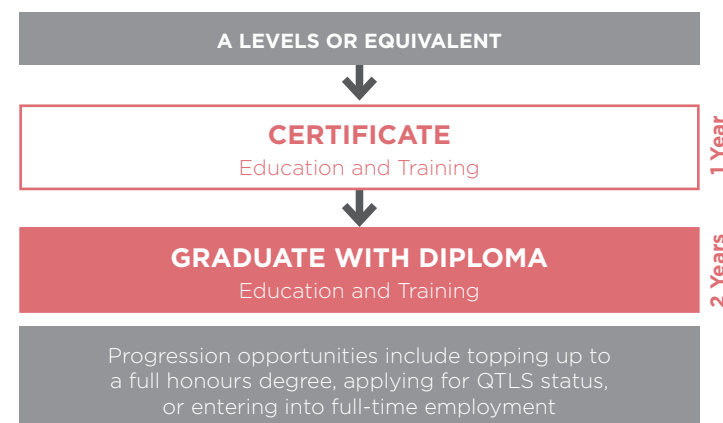

**You will need to attend an interview session and undertake initial assessments in English, maths and ICT**

Course Length: **One year part-time**

# DIPLOMA EDUCATION AND TRAINING

The Diploma in Education and Training (DET) is a popular route for prospective teachers who want to pursue a career in further education. It is also designed to provide full- and part-time teachers already employed within the sector route to becoming a qualified teacher. It gives the opportunity to gain a nationally recognised qualification with the aim of working towards Qualified Teacher Learning & Skills (QTLS) status within the Post 14 secondary and further education sectors. This course is ideal for practitioners who wish to develop skills in assessing, preparing materials, and supporting students. It aims to enhance existing knowledge and provides a sound introduction to new practices and theories relating to Further and Higher Education.

## ABOUT THIS COURSE

As part of continuing professional development, this programme will promote the refinement and improvement of teaching, learning and assessment. Diverse topics are addressed on the programme, and an ability to implement innovative teaching and learning methods will be promoted. The two-year programme, accredited by the University of Warwick, offers access to excellent facilities at both the college and the university. Four teaching observations will be carried out per year, and the constructive and developmental feedback you receive will be instrumental for your professional progress. As a university-accredited course, there is access to learning resources from both institutions, and a Diploma from the University of Warwick will be awarded upon successful completion of the study programme. Each module will be assessed using a variety of methods, including reports, presentations, projects, essays, seminars and case studies. A professional development portfolio (PDP) is also required, which provides a record of your ongoing professional

and personal progression throughout the duration of the programme.

## PROGRESSION OPPORTUNITIES

With a DET, you can apply for QTLS status, enabling practice within both the secondary and further education sectors. Graduates may choose to continue their studies, or progress on to diverse careers in education.

UCAS Code: **Apply directly to Loughborough College**

Entry Req: **Level 3 qualification in taught subject specialism and level 2 in English and maths.**

**You must also meet some non-academic requirements, including a Disclosure and Barring Service (DBS) check, and declaration of criminal convictions**

**Successful interview and initial assessment**

**You need to be able to prove that you have a minimum of 100 contracted teaching hours over the two years.**

Course Length: **2 years part-time**

## YEAR 1

Observation of another teacher  
Case Study of a Learner  
Principles of assessment: Design an assessment activity  
Action Learning  
Theories about Learning

## YEAR 2

Economic and political influences on the Lifelong Learning Sector  
Curriculum Design  
Reflective practice  
Evidence Based TLA Intervention: carry out an Action Research project of own choice  
\*All modules subject to change

# ACCESS TO HIGHER EDUCATION

**Toni Marie Warden**  
Access to Higher Education  
Health Studies

I undertook the Access to Health Studies programme at Loughborough College with the end goal being to leave with the experience, grades and letter of offer to study at university as a paediatric nurse.

My experience on the Access course has been positive, encouraging, and supportive, all of which have helped contribute towards my successes on the course. The modules studied have been varied in terms of subjects, and the assessment types in which we have produced work have allowed me to feel capable and prepared to go on and study at university level.

For more  
information, visit  
[www.accesstohe.ac.uk](http://www.accesstohe.ac.uk)

Our Access to Higher Education courses have been specifically designed for individuals (19+) who want to return to study and gain the necessary qualifications for progression into Higher Education. As an institution, we welcome diversity in our student body, and we seek to encourage learners of all ages to enrol with us, regardless of their level of academic discipline.

## WHAT IS ACCESS TO HIGHER EDUCATION?

The Access to Higher Education (HE) Diploma is a qualification which prepares students for university-level study. It's designed for people who would like to study in Higher Education but who left school without the usual qualifications, such as A Levels, or for those who have been out of education for a while.

Many Access to HE students go on to succeed at university and beyond, with a large number pursuing new careers and seeing changes in their lives that they had never thought possible.

## AM I TOO OLD?

No! Almost everyone considering an Access to HE course worries that they may have left it too late. Your life experience will be valuable on the course and you'll find that other Access to HE students and students studying at university level are of a wide age range.

People coming back into education are often extremely motivated, leading to a positive and productive learning environment.

## CAN I GET FINANCIAL HELP TO STUDY?

If you are aged 19 or over, you'll have to either take out an Advanced Learner Loan to cover the cost of the tuition fees or pay the course fees yourself. See page 55 for more information about Advanced Learner Loans, or contact our Student Finance Officer on **01509 618375** or [studentfinance@lough.ac.uk](mailto:studentfinance@lough.ac.uk) to discuss your situation.

## WHAT DOES AN ACCESS TO HE DIPLOMA COURSE INVOLVE?

To achieve an Access to HE Diploma, you need to complete a programme that includes certain units of study in relevant subject areas. You'll be taught study skills, learning how to approach study and the different techniques that you'll need to be a successful student.

The whole package of units will have been designed to ensure that you're thoroughly equipped for studying at university. For each unit successfully completed, you'll earn credits that gradually build towards the 60 credits that are required for the Access to HE Diploma. Many people are nervous when they start an Access to HE course, particularly if they haven't been in a classroom for some time. Tutors are aware of this and take it into account in their teaching. You won't be "thrown in at the deep end" or tested on things which you may have studied years ago. Though you can expect the course to be challenging, the whole purpose of an Access to HE course is to help you to be successful.

## WHAT LEVEL IS AN ACCESS TO HE QUALIFICATION EQUIVALENT TO?

The Access to HE qualification is equivalent in standard to other Level 3 qualifications, such as A Levels, and has been recognised as a full Level 3 qualification in the Labour Force Survey.

## WHAT IF I DON'T MEET THE ENTRY REQUIREMENTS FOR AN ACCESS TO HE DIPLOMA?

Don't worry. Loughborough College also offers Pre-Access courses, catering for those who need additional qualifications before they are eligible for an Access course. Get in touch on **01509 618375** or [studentrecruitment@lough.ac.uk](mailto:studentrecruitment@lough.ac.uk) for more information.

## IS THE ACCESS TO HE DIPLOMA RECOGNISED BY UNIVERSITIES?

Access to HE courses have been around since the 1970s and have been designed and developed with the support of universities. Access to HE is therefore widely recognised by UK universities.

Each year, around 20,000 Access to HE students apply to universities across the UK. What's more, the framework for the approval of Access to HE courses is managed by the universities' own quality assurance organisation: the Quality Assurance Agency for Higher Education (QAA).

# ACCESS TO HIGHER EDUCATION

**Stephanie Cramp**  
Access to Higher Education  
Health Studies

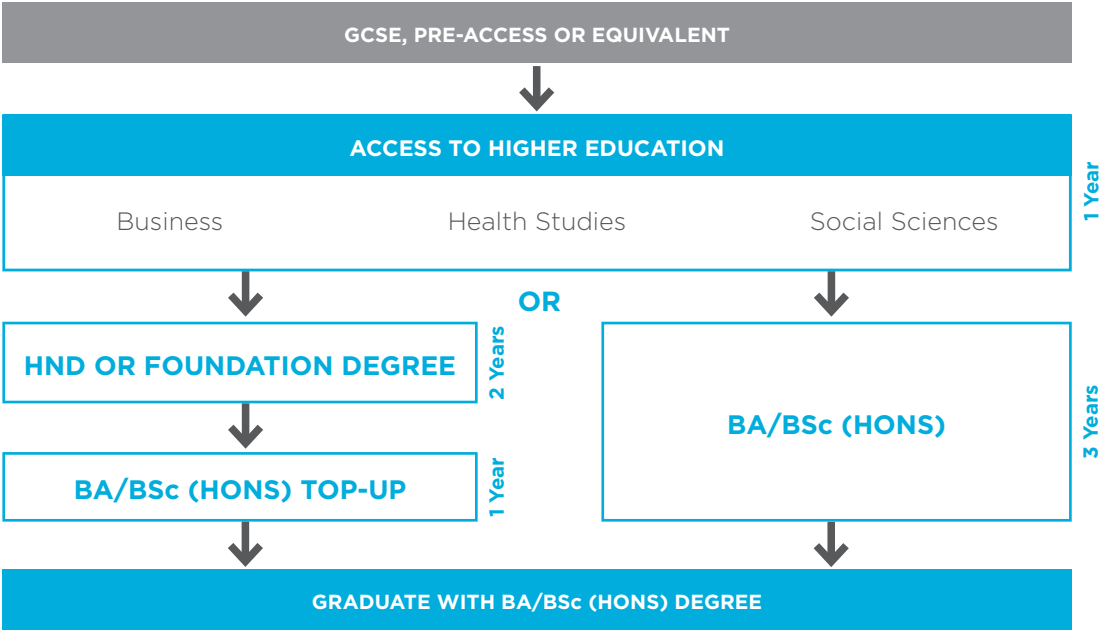

Starting my Access to Higher Education course in Health Studies has enabled me to have a change in career. After seven years of working in the media industry, I decided I wanted to do something different and be able to help people. I have chosen physiotherapy as my new path in life and this course is helping me to get there.

The Access course at Loughborough College is fantastic. Whilst you're obviously there to get good grades to progress to university, it reignites that passion for learning which can be long forgotten about. It gives you the confidence to go forwards and achieve your dreams.

## ACCESS TO HIGHER EDUCATION DEGREE PATHWAYS

Loughborough College aims to equip you with the necessary skills for further progression, with many of our Access students achieving a high level of success in advanced level qualifications.

All Access courses are one year long and are usually timetabled for two or three days a week. This allows students to more easily arrange childcare, work arrangements, and other commitments. You may be able to study GCSE Maths on a further day, subject to satisfactory completion of a Maths diagnostic test.

## POTENTIAL CAREER PATHS

### NURSE

Nurses care for patients as part of a team, with duties including observing patients, administering drugs, writing care plans, educating patients about their health, and providing mentoring. This varied role may be based in a hospital, health centre, residential home, school or hospice.

### PSYCHOLOGIST

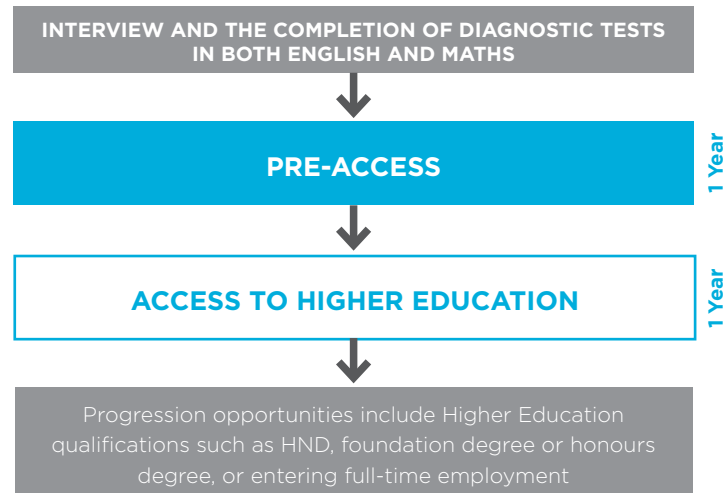

A psychologist improves clients' psychological wellbeing by assessing their needs and behaviours. Roles exist in a variety of sectors, including criminal, education, clinical or occupational psychology, and may involve working with mental health issues such as anxiety, addiction or eating disorders.

### BUSINESS ADVISOR

A Business Advisor's role is to offer advice and support both to new and established businesses. This may range from advising on the necessary licences required to start out in a particular industry, or discussing growth opportunities such as investment and expansion.

## PRE-ACCESS

Completing this specialist programme will provide you with the qualifications needed to study one of our Access to Higher Education courses.

### UNITS INCLUDE:

Introduction to Psychology  
Introduction to Sociology (Social Science, Arts and Humanities Pathway)  
Professional Skills in Health Care (Health Studies Pathway)  
Valuing Equality and Diversity  
Delivering a presentation  
Revision and Examination Skills  
Undertaking a Research Project  
Understanding Plagiarism  
Personal Learning Goals  
Plus additional optional units  
\*All modules subject to change

### ABOUT THIS COURSE

The Pre-Access course is made up of a variety of qualifications which will be tailored to your individual needs and previous qualifications. You will be able to study GCSE English, GCSE or Functional Skills Maths and a Level 2 certificate in preparing to study either Social Sciences, Arts and Humanities or Health Studies.

The Level 2 Certificate is made up of a variety of credit based modules which are specifically selected to help you to develop the skills you will need to study on our Access to HE programme and at university. The Level 2 Certificate will be assessed through coursework and some in class tests allowing you to gain feedback as you complete work and improve your skills throughout the course.

You will study modules related to the subject area you wish to study the following year as well as a variety of ICT, English, Maths and Study Skills modules which will prepare you for your Access to HE course.

### PROGRESSION OPPORTUNITIES

Following the successful completion of the Pre-Access course you will be guaranteed a place on an Access to HE course at Loughborough College. After which you will have the option of either moving into full-time employment or progressing on to Higher Education.

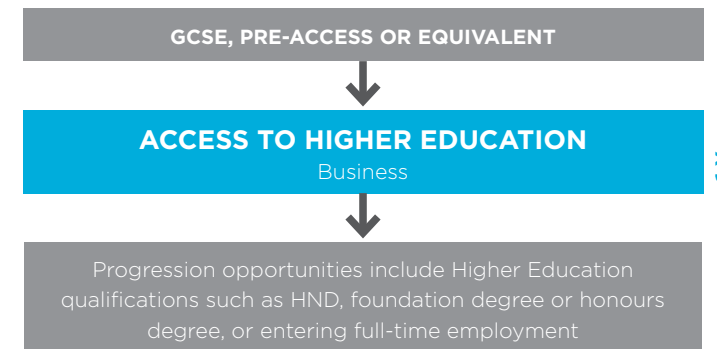

UCAS Code: **Apply directly to Loughborough College**

**There are no formal qualification requirements but entry on to the Pre-Access course is subject to an interview and the completion of diagnostic tests in both English and Maths.**

Course Length: **1 Year**

Fee: **£632.50**

## ACCESS TO HIGHER EDUCATION BUSINESS

The Access to HE Business option aims to develop your business and legal skills through learning that incorporates practical issues and bridges the gap between theoretical and work-based placement. This pathway may be constructed from a range of units in business, management, and other related areas.

### ABOUT THIS COURSE

All of our Access to HE qualifications establish the foundations for further study and provide you with the skills and knowledge you need to succeed in your chosen field. The Access to HE Business qualification is made up of Level 3 units totalling 60 credits. 54 of these credits are mandatory, while 6 can be chosen from a variety of optional units.

### PROGRESSION OPPORTUNITIES

Following the successful completion of an Access course, you will have the option of either moving into full-time employment or progressing on to Higher Education. Should you choose the latter, we'll provide you with information, advice and guidance to help you to find and apply for a course that meets your needs and aspirations.

### UNITS INCLUDE:

Introduction to Business Organisations  
Marketing Research and Strategies  
Leadership and Management  
HE Study Skills  
Changes in the Business Environment  
Research Project  
\*All modules subject to change

UCAS Code: **Apply directly to Loughborough College**  
**Minimum GCSE English Language at grade 4/C and level 2 English diagnostics. GCSE Maths at grade 4/C or above is desirable but not essential.**

Course Length: **1 Year**

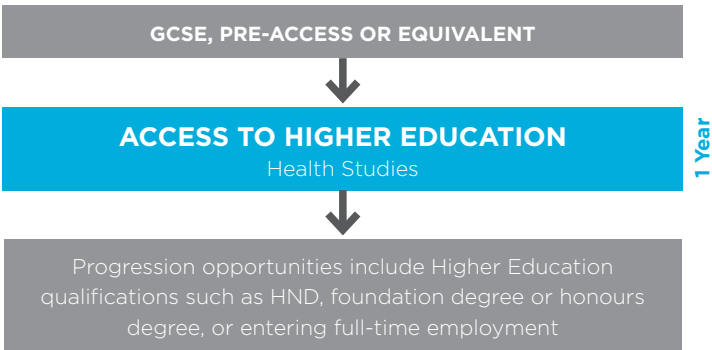

Fee: **£3,022**

Awarded by

# ACCESS TO HIGHER EDUCATION HEALTH STUDIES

Fee: **£3,022**

## ACCESS TO HIGHER EDUCATION SCIENCE

# COMING SOON

**We are planning to offer**  
**Access to Higher Education Science** in 2019/20

### ACCESS TO HIGHER EDUCATION SCIENCE

The Access to Higher Education Science course is designed to prepare students for university level study in a range of disciplines including Physics, Chemistry, Maths, Pharmacy and Environmental Science. If you would like to study science at degree level but haven't got the usual qualifications needed, then this could be the course for you.

You'll study a programme of modules including Biology, Chemistry, Physics and Maths, as well as Higher Education study skills in a laboratory to build practical experience.

Visit [www.loucoll.ac.uk](http://www.loucoll.ac.uk) or contact [undergradadmissions@loucoll.ac.uk](mailto:undergradadmissions@loucoll.ac.uk) for the most up-to-date information on this course.

# GETTING HERE

**In keeping with our emphasis on maintaining a healthy lifestyle, we have a travel policy which encourages walking, cycling, and the use of public transport wherever possible.**

With the M1 less than three miles away, the College can be easily accessed from all over the country. Parking, however, is heavily limited and is not available to local students, except for those who hold a Blue Badge or have other special requirements. Parking is always on a strict first-come, first-served basis for permit holders and visitors alike, and once all car park spaces have been filled, you must find alternative parking off-site.

The train station in Loughborough connects regular rail links countrywide with main services passing through the major surrounding cities, including Leicester, Nottingham, Derby and London. The station is a 25-minute walk from the college or you can catch the shuttle bus, which departs every 10 minutes.

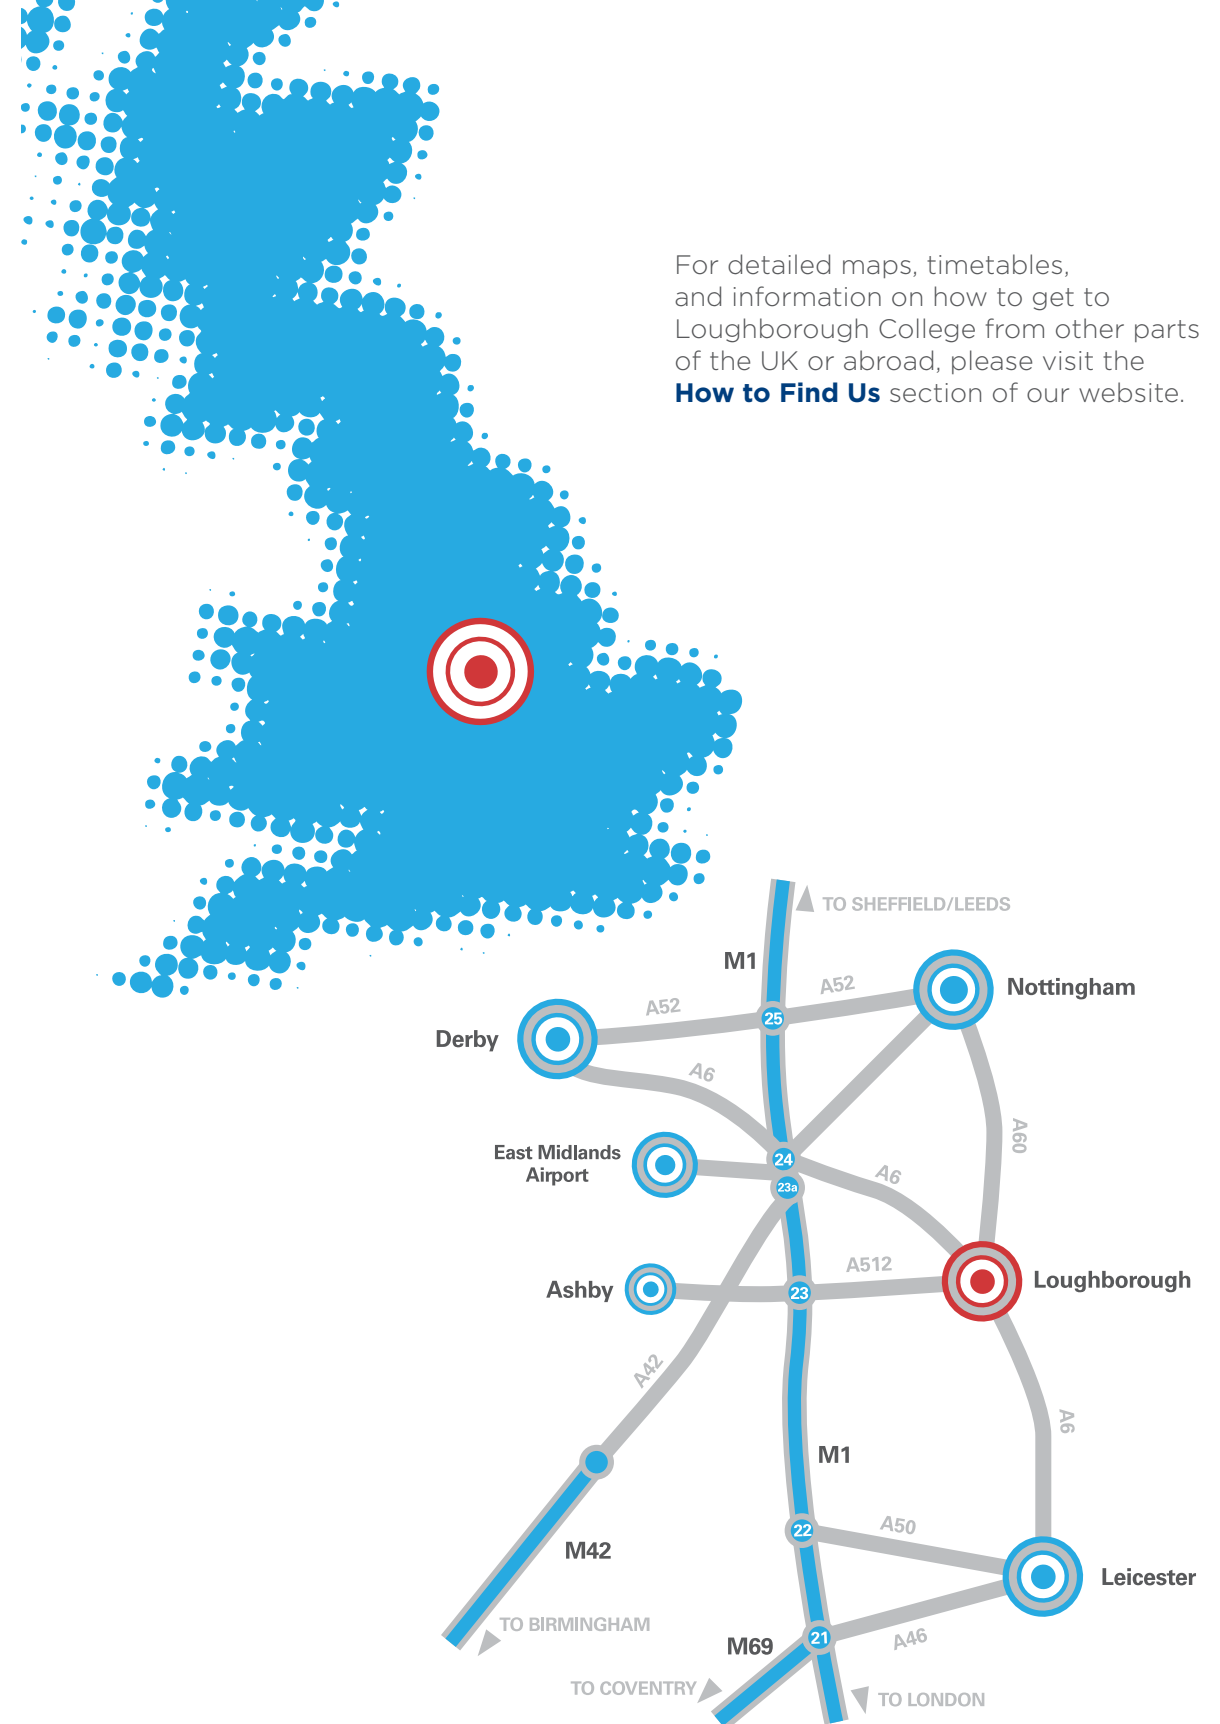

We are widely accessible by bus with various services operating in and around Loughborough. The college is well connected by regular, direct buses running from Leicester, Nottingham, Derby, Melton Mowbray and Ashby.

We are only a ten-minute walk from Loughborough town centre. Please allow approximately 25 minutes if walking from the train station and 15-20 minutes from the Baxter Gate/ Swan Street bus stops.

For detailed maps, timetables, and information on how to get to Loughborough College from other parts of the UK or abroad, please visit the **How to Find Us** section of our website.
